The observance of procedures is mandatory except when modification is required because of multiple emergencies, adverse weather, terrain, etc. Your flying experience is recognized and therefore, basic flight principles are not included. IT IS REQUIRED THAT THIS MANUAL BE CARRIED IN

THE HELICOPTER AT ALL TIMES. For sales or pricing inquiries outside of the United States, please visit: <http://www.cdxauto.com/ContactUs> to access a list of international CDX Automotive Account Managers. Electrical and Electronic Systems Tasksheet Manual for NATEF Proficiency is designed to guide automotive students through the tasks necessary to meet National Automotive Technicians Education Foundation (NATEF) requirements for National Institute for Automotive Service Excellence (ASE) Standard 6: Electrical and Electronic Systems. Organized by ASE topic area, companion tasks are grouped together for more efficient completion, and are clearly labeled with CDX and NATEF task numbers and the NATEF priority level to help students easily manage responsibilities. This manual will assist students in demonstrating hands-on performance of the skills necessary for initial training in the automotive specialty area of electrical and electronic systems. It can also serve as a personal portfolio of documented experience for prospective employment. Used in conjunction with CDX Automotive, students will demonstrate proficiency in electrical/electronic fundamentals, diagnosis, service, and repair. The purpose of this manual is to provide a general understanding of the safe and lawful operation of a motor vehicle. Mastering these skills can only be achieved with practice and being mindful of Tennessee laws and safe driving practices. Section A This section is designed for all current and potential drivers in Tennessee. It provides information that all drivers will find useful. Section A consists of pages 1 through 24. This section will help new and experienced drivers alike get ready for initial, renewal, and other license applications by explaining: \* the different types of licenses available \* the documentation and other requirements for license applications \* details on Intermediate Driver Licenses and how this graduated driver license works for driver license applicants under age 18 \* basic descriptions of the tests required to obtain a Driver License Section B This section is designed to help new drivers study and prepare for the required knowledge and skills for an operator license. It includes helpful practice test questions at the end of each chapter. Section B consists of pages 25 through 90. This section of the manual provides information related to: \* Examination requirements for the vision, knowledge and road tests \* Traffic signs, signals, and lane markings \* Basic Rules of the Road \* Being a responsible driver and knowing the dangers and penalties of Driving Under the Influence of alcohol and drugs. Section C This section provides information and safety tips to improve the knowledge of all highway users to minimize the likelihood of a crash and the consequences of those that do occur. This section consists of pages 91-117. It also provides information about sharing the road with other methods of transportation, which have certain rights and privileges on the highways which drivers must be aware of and respect. It is important to read this information and learn what you can do to stay safe, and keep your family safe, on the streets,

roads and highways of our great state.
