The cookbook every mother has been waiting for: a down-to-earth collection of recipes for families to enjoy every day of the week, and to share from mother to mother. Filled with 100 delicious, quick and easy dishes, Lisa Faulkner's latest book celebrates the joy of cooking and sharing recipes between family and friends. 'I believe that many of us cook and create by being given nuggets of inspiration. We take recipes and cook from them, and then we tweak them and add things and cook them again. That to me is the joy of cooking: sharing a love of food, a memory of why something tasted so good.' Lisa Faulkner Like most mums, Lisa Faulkner is always thinking of recipes for her family which are tasty and nourishing. Talking to other mothers and swapping recipes has been the greatest source of inspiration for her, so she invited those of her friends who are mothers to share their secrets in her brand new cookbook, From Mother to Mother. Lisa asked them what they liked to cook; what their family fallbacks are; their comfort dishes; and the meals they make for their families when time is short. This is a stunning collection of family recipes inspired by the women who know exactly what to put on the table when there are hungry mouths to feed, occasions to celebrate or when you simply want to create a delicious meal for your family to enjoy any day of the week. Containing Poultry, Meat, Fish, Veggie and Sweet recipes such as: Chicken, Pea and Pancetta Bake Cheat's Crispy Duck and Pancakes Ham Hock Carbonara Spicy Baked Eggs Hazelnut, Cherry and Amaretto Meringue Cake Pineapple Upside-down Pud Coconut Polenta Cake with Honey Syrup and Berries I believe that most of us cook and create by being given nuggets of inspiration. We take recipes and cook from them, then we cook them again, and tweak them and add things, and then we cook them again. It was this idea of passing on favourite dishes to the next generation that inspired my first book, Recipes from my Mother for my Daughter. This book wouldn't have come about without an email I wrote to my family and friends who are mothers. I asked them what they liked to cook and eat: what their fallbacks are, their comfort dishes, the meals they make for their families when time is short. I have tweaked, rewritten, added and played around with their ideas, and added my own family's staples, but without their willingness to share their treasured favourites, there would be no book. In a world that is ever changing and not always a smooth ride, food is a thing that binds us. So here are those treasures, from mother to mother, with all my love and gratitude... Lisa x Sindiwe Magona's novel Mother to Mother explores the South African legacy of apartheid through the lens of a woman who remembers a life marked by oppression and injustice.

Magona decided to write this novel when she discovered that Fulbright Scholar Amy Biehl, who had been killed while working to organize the nation's first ever democratic elections in 1993, died just a few yards away from her own permanent residence in Guguletu, Capetown. She then learned that one of the boys held responsible for the killing was in fact her neighbor's son. Magona began to imagine how easily it might have been her own son caught up in the wave of violence that day. The book is based on this real-life incident, and takes the form of an epistle to Amy Biehl's mother. The murderer's mother, Mandisi, writes about her life, the life of her child, and the colonized society that not only allowed, but perpetuated violence against women and impoverished black South Africans under the reign of apartheid. The result is not an apology for the murder, but a beautifully written exploration of the society that bred such violence.

Marie de l'Incarnation (1599 - 1672), renowned French mystic and founder of the Ursulines in Canada, abandoned her son, Claude Martin, when he was a mere eleven years old to dedicate herself completely to a consecrated religious life. In 1639, Marie migrated to the struggling French colony at Quebec to found the first Ursuline convent in the New World. Over the course of the next thirty-one years, the relationship between Marie and Claude would take shape by means of a trans-Atlantic correspondence in which mother and son shared advice and counsel, concerns and anxieties, and joys and frustrations. From Mother to Son presents annotated translations of forty-one of the eighty-one extant full-length letters exchanged by Marie and her son between 1640 and 1671. These letters reveal much about the early history of New France and the spiritual itinerary of one of the most celebrated mystics of the seventeenth century. Uniting the letters into a coherent whole is the distinctive relationship between an absent mother and her abandoned son, a relationship reconfigured from flesh and blood to the written word exchanged between professed religious united in Jesus Christ as members of the same spiritual family. In providing a contemporary translation of Marie's letters to Claude, Mary Dunn renders accessible to an English-speaking readership a rich source for the history of colonial North America, providing a counterpoint to a narrative weighted in favor of Plymouth Rock and the Puritans and a history of New France dominated by the perspectives of men both religious and secular. Dunn expertly contextualizes the correspondence within the broader cultural, historical, intellectual, and theological currents of the seventeenth century as well as within modern scholarship on Marie de l'Incarnation. From Mother to Son offers a fascinating portrait of the nature and evolution of Marie's relationship with her son. By highlighting the great range of their conversation, Dunn provides a window onto one of the more intriguing and complicated stories of maternal and filial affection in the modern Christian West. Syler explains how she learned to chuck perfection for practicality, offering sage advice and tips on navigating different obstacles while offering real wisdom about mothering that is tempered with humor and warmth. A New York Times Notable Book A Library Journal Best Book of 2021 A "marvelous...superbly effective" (The New Yorker) debut novel about a young woman coming of age with a dazzling yet damaged mother who lived and loved in extremes. Met by rave reviews in The New Yorker, The New York Times, and more, this stunning translation of Violaine Huisman's "witty, immersive autofiction showcases a Parisian childhood with a charismatic, depressed parent" (Oprah Daily). Beautiful and magnetic, Catherine, a.k.a. "Maman," smokes too much, drives too fast, laughs too hard, and loves too extravagantly, and her daughter Violaine wouldn't have it any other way. But when Maman is hospitalized after a third divorce and a breakdown, everything changes. Even as Violaine and her sister long for their mother's return, once she's back Maman's violent mood swings and flagrant disregard for personal boundaries soon turn their home into an emotional landmine. As the story of Catherine's own traumatic childhood and adolescence unfolds, the pieces come together to form an indelible portrait of a mother as irresistible as she is impossible, as triumphant as she is transgressive. With spectacular ferocity of language, a streak of dark humor, and stunning emotional bravery, The Book of Mother is an exquisitely wrought story of a mother's dizzying heights and devastating lows, and a daughter who must hold her memory close in order to surrender, and finally move on. Customer experience pioneer Jeanne Bliss shows why "Make Mom Proud" companies outperform their competition. Her 5-step guide to customer experience and culture transformation makes this achievement possible. Bliss urges companies to make business personal to earn ardent fans and admirers, by focusing on one deceptively simple question: "Would you do that to your mother?" "Make Mom Proud" companies give customers the treatment they desire, and employees the ability to deliver it. They turn "gotcha" moments into "we've got your back" moments by rethinking business practices, and they enable employees to be part of the solution to fix customer frustrations. Bliss scoured the marketplace seeking companies who excel at living their core values, grounded in what we all learned as kids. She offers a five-step plan for evaluating your current behaviors and implementing actions at every level of the organization. Step 1. "Be the Person I Raised You to Be" Understand how you are hiring, developing and trusting employees to bring the best version of themselves to work. Vail resorts, for example, the world's largest ski resort operator, banned the three words "Our policy is..." from their vocabulary, freeing employees to take spirited actions to deliver "the experience of a lifetime." Step 2. "Don't Make Me Feed You Soap" Learn the eight key frustrations that bind us as customers (waiting, fear, anxiety, the black hole of no communication, etc.) and how to apply actions from companies who are delivering a seamless, frictionless and easy experience. Step 3. "Put Others Before Yourself" Determine if your focus is on helping customers achieve their goals - and evaluate how that is fueling your growth. Canada's Mayfair Diagnostics, for example, spent over a year studying the emotions of patients entering an imaging clinic, so they could redesign their welcome to deliver warmth and caring over procedure and process. The newly designed clinic achieved profitability in record time. Step 4. "Take the High Road" Learn how companies who do the right thing rise above the competition. Virgin Hotels, for example, named #1 U.S. hotel by Conde Nast Reader's Choice Awards, walked away from price gouging at the mini bar, so you'll never pay more for that Snickers bar than what you'd pay at the corner market. Step 5. "Stop the Shenanigans!" Evaluate your current company behaviors and identify the key actions that you can begin immediately. With 32 case studies and examples from more than 85 companies, this is a practical and easy to follow guide for your experience and culture transformation. Filled with comics to snapshot our experiences as customers, a "mom lens" to reflect continuously on your performance, and a "make-mom-proud-ometer" quiz - the book makes Bliss's approach accessible and approachable. Join the movement to #MakeMomProud by applying this book across your organization. Whether you're contemplating your company's returns policy, its social media presence, or its big-picture strategy, this approach will help your company anticipate both employee and customer needs, extend patience, and show respect at all times.

What a precious gift this is for any mother, grandmother, or Godmother. When Maxine wakes up on the wrong side of the bed one morning, she wonders if the problem might be her mother. What if she could try out a new mom who doesn't make her brush her teeth or comb her hair? Enlisting Mom to help her with the search, Maxine interviews various prospects to be her new mother at the park, the toy store, and the zoo. Unfortunately, these other mothers present a host of new problems and concerns. Maybe her "old mother" was the best mother of all? For every child who's ever wondered if the grass is greener, The Best Mother affirms that there's nothing better than your own mother's love. Award-winning novelist Minae Mizumura demystifies the notion of the selfless Japanese mother and the adult daughter honor-bound to care for her. Mitsuki Katsura, a Japanese woman in her mid-fifties, is a French-language instructor at a private university in Tokyo. Her husband, whom she met in Paris, is a professor at another private university. He is having an affair with a much younger woman. In addition to her husband's infidelity, Mitsuki must deal with her ailing eighty-something mother, a demanding, self-absorbed woman who is far from the image of the patient, self-sacrificing Japanese matriarch. Mitsuki finds herself dreaming of the day when her mother will finally pass on. While doing everything she can to ensure her mother's happiness, she grows weary of the responsibilities of a doting daughter and worries she is sacrificing her chance to find fulfillment in her middle age. Inheritance from Mother not only offers insight into a complex and paradoxical culture, but is also a profound work about mothers and daughters, marriage, old age, and the resilience of women. The complex, deeply binding relationship between mothers and daughters is brought vividly to life in Katie Hafner's remarkable memoir, an exploration of the year she and her mother, Helen, spent working through, and triumphing over, a lifetime of unresolved emotions. Dreaming of a "year in Provence" with her mother, Katie urges Helen to move to San Francisco to live with her and Zoë, Katie's teenage daughter. Katie and Zoë had become a mother-daughter team, strong enough, Katie thought, to absorb the arrival of a seventy-seven-year-old woman set in her ways. Filled with fairy-tale hope that she and her mother would become friends, and that Helen would grow close to her exceptional granddaughter, Katie embarked

on an experiment in intergenerational living that she would soon discover was filled with land mines: memories of her parents' painful divorce, of her mother's drinking, of dislocating moves back and forth across the country, and of Katie's own widowhood and bumpy recovery. Helen, for her part, was also holding difficult issues at bay. How these three women from such different generations learn to navigate their challenging, turbulent, and ultimately healing journey together makes for riveting reading. By turns heartbreaking and funny—and always insightful—Katie Hafner's brave and loving book answers questions about the universal truths of family that are central to the lives of so many. Listen to Your Mother is a fantastic awakening of why our mothers are important, taking readers on a journey through motherhood in all of its complexity, diversity, and humor. Based on the sensational national performance movement, Listen to Your Mother showcases the experiences of ordinary people of all racial, gender, and age backgrounds, from every corner of the country. This collection of essays celebrates and validates what it means to be a mother today, with honesty and candor that is arrestingly stimulating and refreshing. The stories are raw, honest, poignant, and sometimes raunchy, ranging from adoption, assimilation to emptying nests; first-time motherhood, foster-parenting, to infertility; single-parenting, LGBTQ parenting, to special-needs parenting; step-mothering; never mothering, to surrogacy; and mothering through illness to mothering through unsolicited advice. Honest, funny, and heart-wrenching, these personal stories are the collective voice of mothers among us. Whether you are one, have one, or know one, Listen to Your Mother is an emotional whirlwind that is guaranteed to entertain, amuse, and enlighten. Krys Malcolm Belc's visual memoir-in-essays explores how the experience of gestational parenthood—conceiving, birthing, and breastfeeding his son Samson—eventually clarified his gender identity. Krys Malcolm Belc has thought a lot about the interplay between parenthood and gender. As a nonbinary, transmasculine parent, giving birth to his son Samson clarified his gender identity. And yet, when his partner, Anna, adopted Samson, the legal documents listed Belc as "the natural mother of the child." By considering how the experiences contained under the umbrella of "motherhood" don't fully align with Belc's own experience, *The Natural Mother of the Child* journeys both toward and through common perceptions of what it means to have a body and how that body can influence the perception of a family. With this visual memoir in essays, Belc has created a new kind of life record, one that engages directly with the documentation often thought to constitute a record of one's life—childhood photos, birth certificates—and addresses his deep ambivalence about the "before" and "after" so prevalent in trans stories, which feels apart from his own experience. *The Natural Mother of the Child* is the story of a person moving past societal expectations to take control of his own narrative, with prose that delights in the intimate dailiness of family life and explores how much we can ever really know when we enter into parenting. Every loss mama deserves to be reminded she is the mother of all mothers. While a mother can be defined as a creator, a nurturer, a protector—at the center of each mother is an individual who is attempting to manage her own fears, desires, and responsibilities in different and sometimes unexpected ways. In *Know the Mother*, author Desiree Cooper explores the complex archetype of the mother in all of her incarnations. In a collage of meditative stories, women—both black and white—find themselves wedged between their own yearnings and their roles as daughters, sisters, grandmothers, and wives. In this heart-wrenching collection, Cooper reveals that gender and race are often unanticipated interlopers in family life. An anxious mother reflects on her prenatal fantasies of suicide while waiting for her daughter to come home late one night. A lawyer miscarries during a conference call and must proceed as though nothing has happened. On a rare night out with her husband, a new mother tries convincing herself that everything is still the same. A politician's wife's thoughts turn to slavery as she contemplates her own escape: "Even Harriet Tubman had realized that freedom wasn't worth the price of abandoning her family, so she'd come back home. She'd risked it all for love." With her lyrical and carefully crafted prose, Cooper's stories provide truths without sermon and invite empathy without sentimentality. *Know the Mother* explores the intersection of race and gender in vignettes that pull you in and then are gone in an instant. Readers of short fiction will appreciate this deeply felt collection. *The Home Fires* is a true story of the unconditional love of a mother for her first-born son away in the U.S. Navy during World War Two. This emotion is rivetingly documented through the letters written by Helen Price to her son, Edwin, from his arrival in basic training in October of 1944 through to the dropping of the atomic bombs over Japan in August of 1945. Not merely a unique supplement to the historical perspective of the World War Two era, these letters illustrate the detail of Helen's everyday life, her hopes, her fears, her dreams, her foibles, and her courage. Written from the family farm in the Bustleton section of Philadelphia, this account will powerfully touch every parent who has ever had any concerns about their child leaving home for the first time. More than 60 years after they had been written, these letters are being published for the first time. They have been lovingly edited for clarity by Helen's grandson, Gregory Edwin Price. This beautifully produced journal is designed to allow a mother to pass her knowledge, truth and life experience on to her daughter. becomes a shattering reality.... An utterly compelling drama with a timebomb at its core, *A Good Enough Mother* is a brilliant, beautiful story of mothering, and how to let go of the ones we love when we must. "You will devour these beautifully written—and very important—tales of honesty, pain, and resilience" (Elizabeth Gilbert, New York Times bestselling author of *Eat Pray Love* and *City of Girls*) from fifteen brilliant writers who explore how what we don't talk about with our mothers affects us, for better or for worse. As an undergraduate, Michele Filgate started writing an essay about being abused by her stepfather. It took her more than a decade to realize that she was actually trying to write about how this affected her relationship with her mother. When it was finally published, the essay went viral, shared on social media by Anne Lamott, Rebecca Solnit, and many others. This gave Filgate an idea, and the resulting anthology offers a candid look at our relationships with our mothers. Leslie Jamison writes about trying to discover who her seemingly perfect mother was before ever becoming a mom. In Cathi Hanauer's hilarious piece, she finally gets a chance to have a conversation with her mother that isn't interrupted by her domineering (but lovable) father. André Aciman writes about what it was like to have a deaf mother. Melissa Febos uses mythology as a lens to look at her close-knit relationship with her psychotherapist mother. And Julianna Baggott talks about having a mom who tells her everything. As Filgate writes, "Our mothers are our first homes, and that's why we're always trying to return to them." There's relief in acknowledging how what we couldn't say for so long is a way to heal our relationships with others and, perhaps most important, with ourselves. Contributions by Cathi Hanauer, Melissa Febos, Alexander Chee, Dylan Landis, Bernice L. McFadden, Julianna Baggott, Lynn Steger Strong, Kiese Laymon, Carmen Maria Machado, André Aciman, Sari Botton, Nayomi Munaweera, Brandon Taylor, and Leslie Jamison. First Published in 1986, this book offers a full, comprehensive guide into the relationship between Macromolecules and hereditary immunity. Carefully compiled and filled with a vast repertoire of notes, pictures, and references this book serves as a useful reference for Students of Medicine, and other practitioners in their respective fields. "A story that lingers in the heart long after the last page is turned." —HOPE EDELMAN, bestselling author of *Motherless Daughters* and *The Possibility of Everything* This provocative, poignant memoir of a daughter whose mother left her behind by choice begs the question: Are we destined to make the same mistakes as our parents? One summer, Melissa Cistaro's mother drove off without explanation Devastated, Melissa and her brothers were left to pick up the pieces, always tormented by the thought: Why did their mother abandon them? Thirty-five years later, with children of her own, Melissa finds herself in Olympia, Washington, as her mother is dying. After decades of hiding her painful memories, she has just days to find out what happened that summer and confront the fear she could do the same to her kids. But Melissa never expects to stumble across a cache of letters her mother wrote to her but never sent, which could hold the answers she seeks. Haunting yet ultimately uplifting, *Pieces of My Mother* chronicles one woman's quest to discover what drives a mother to walk away from the children she loves. Alternating between Melissa's tumultuous coming-of-age and her mother's final days, this captivating memoir reveals how our parents' choices impact our own and how we can survive those to forge our own paths. A psychologist who evaluates the fitness of parents when their children have been removed from their custody finds herself reassessing her own mothering when her son falls victim to the opioid crisis. Psychologist and expert witness Dr. Sharon Lamb evaluates parents, particularly in high-stakes cases concerning the termination of parental rights. The conclusions she reaches can mean that some children are returned home from foster homes. Others are freed for adoption. Well-trained, Lamb generally can decide what's in the best interests of the child. But when her son's struggle with opioid addiction comes to light, she starts to doubt her right to make judgments about other mothers. As an expert, a professor, and a mother, Lamb gives voice to the near impossible standards demanded by a society prone to blame mothers when anything befalls their children. She describes vividly the plight of individual parents, mothers in particular, struggling with addiction and mental illness and trying to make stable homes for their kids amid the economic and emotional turmoil of their lives—all in the context of the opioid epidemic that has ravaged her home state of Vermont. In her office, during visits with their children, and in the family court, the parents we meet wait anxiously for Lamb's verdict: Have they turned their lives around under child welfare's watchful eye? Do they understand their children's needs? In short, are they good enough? But what is good enough? Lamb turns that question on herself in the midst of her gradual realization of her son's opioid addiction. Amazed at her own denial, feeling powerless to help him, Lamb confronts the heartache she can bring into the lives of others and her power to tear families apart. don't think any legislators in those states who are anti-abortion are actually thinking, "Oh, great, these single women are gonna raise more children." No, their hope is that those children will be placed for adoption. But is that the reality? I doubt it." [says Glaser] -Mother Jones During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, where social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. The adoption business was founded on secrecy and lies. American Baby lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of women into surrendering their children. The identities of many who were adopted or who surrendered a child in the postwar decades are still locked in sealed files. Gabrielle Glaser dramatically illustrates in Margaret and David's tale--one they share with millions of Americans—a story of loss, love, and the search for identity.
