Ratfked** Jan 26 2023 David Daley's "extraordinarily timely" (New York Times Book Review) account uncovers the fundamental rigging of our House of Representatives and state legislatures nationwide. Lauded as a "compelling" (The New Yorker) and "eye-opening tour of a process that many Americans never see" (Washington Post), David Daley's Ratf**ked documents the effort of Republican legislators and political operatives to hack American democracy through an audacious redistricting plan called REDMAP. Since the revolutionary election of Barack Obama, a group of GOP strategists has devised a way to flood state races with a gold rush of dark money, made possible by Citizens United, in order to completely reshape Congress—and our democracy itself. "Sobering and convincing" (New York Review of Books), Ratf**ked shows how this program has radically altered America's electoral map and created a firewall in the

House, insulating the Republican party and its wealthy donors from popular democracy. While exhausted voters recover from a grueling presidential election, a new Afterword from the author explores the latest intense efforts by both parties, who are already preparing for the next redistricting cycle in 2020.

The Book Thief Mar 16 2022 #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Stealing Lincoln's Body Jul 28 2020 On the night of the 1876 presidential election, a gang of counterfeiters attempted to steal the entombed embalmed body of Abraham Lincoln and hold it for ransom. Craughwell returns to this bizarre, and largely forgotten, event with the first book to place the grave robbery in historical context. This rousing story of hapless con men, intrepid federal agents, and ordinary Springfield citizens offers an unusual glimpse into late-nineteenth-century America.

Inheritance Hijackers Nov 12 2021 Inheritance theft is a widespread but hidden phenomenon afflicting every level of society. During the next twenty years, baby boomers and their children will inherit an estimated one hundred trillion dollars, much of which will be hijacked by family members, associates, or strangers. Everyone who might give or receive an inheritance is a potential victim. The legal and practical advice in this book teaches: "Who steals inheritances" "Why, When, and How inheritances are stolen" "Why we are all potential victims" "How to protect yourself" This book includes Q&As on inheritance law, quizzes to determine the security of your estate, and checklists on how to protect yourself.

Stealing Home - a Con's Guide to Inheritance Theft Dec 01 2020 When parents become unable to protect their assets due to infirmity or death, your inheritance is vulnerable. Usernames, passwords, certificates of title, deeds, identification cards, and physical possession is all that stands between your inheritance and cons. Parents plan for incapacity and death by going to an attorney for a will, trust, and power of attorney. While those instruments are useful for managing and transferring assets, they are useless in protecting them against theft. Instead, they create greater vulnerability because they must be carried out by someone else and are easily amended, revoked, and obtained by cons through manipulation and forgery. Cons hide in plain sight while planning strategies to steal your inheritance. They blend well because cons never look like cons. They look like your friends, relatives, and neighbors. They resemble your trusted accountant, investment advisor and minister. They are also perfect strangers. Once they decide to steal an inheritance, cons are relentless. They don't stop until everything is taken. This book brings awareness to inheritance theft. It also reveals six steps to wiping out an entire estate. Becoming familiar with those steps will help you identify cons, detect suspicious behavior, and take preventive action before it's too late.

The Steal Oct 23 2022 "A gripping ground-level narrative...a marvel of reporting: tightly wound... but also panoramic."—Washington Post "A lean, fast-paced and important account of the chaotic final weeks."—New York Times In *The Steal*, veteran journalists Mark Bowden and Matthew Teague offer a week-by-week, state-by-state account of the effort to overturn the 2020 presidential election. In the sixty-four days between

November 3 and January 6, President Donald Trump and his allies fought to reverse the outcome of the vote. Focusing on six states—Arizona, Georgia, Michigan, Nevada, Pennsylvania, and Wisconsin—Trump's supporters claimed widespread voter fraud. Caught up in this effort were scores of activists, lawyers, judges, and state and local officials. Working with a team of researchers and reporters, Bowden and Teague uncover never-before-told accounts from the election officials fighting to do their jobs amid outlandish claims and threats to themselves, their colleagues, and their families. *The Steal* is an engaging, in-depth report on what happened during those crucial nine weeks and a portrait of the dedicated individuals who did their duty and stood firm against the unprecedented, sustained attack on our election system and ensured that every legal vote was counted and that the will of the people prevailed.

Stealing Dawn Aug 29 2020 The political climate approaching a presidential election is always charged with unknowns. Concerns over what might divert public attention from the candidate's strategic game plan loom large. For Georgia Senator and Democratic nominee, William Daniels, events take an unexpected turn when his Atlanta estate is overrun one night by mercenaries. His wife, two children, house staff and five-year-old niece, Dawn, are terrorized for only six short minutes, but it sets off a chain of events that will change the course of the presidential election, the family, and lives of some of the most powerful and ruthless men in the world. "Stealing Dawn" follows the life of Dawn after she is stolen from the only family she has remaining and held as a pawn to assure the outcome of the election, now just months away. What the mercenaries hadn't counted on was the lengths the family would go to when Mrs. Daniels, without her husband's knowledge, hires a man known only as Stone, to steal back Dawn. Finding Dawn is easy for Stone, but lives, fortunes and political aspirations are dramatically altered over the eight-day journey home.

Stealing the Marbles Feb 03 2021 At the turn of the 19th century, Lord Elgin stole pieces of the Parthenon and shipped them to England. At the turn of the 21st century, Danny Samsel is going to steal them back. When does a wrong become right? Danny Samsel is a Master Thief. He has defeated the finest security systems in the world: Interpol wants him, the FBI wants him, the CIA wants him. After a year languishing on Kefalonia, he has turned his attention to the heist of the century. He has decided to steal the Parthenon Marbles from the British Museum and return them to Greece. His motives are not entirely altruistic: estranged from the beautiful Kastania, he wants her back in his life. And, he needs her help to steal the Marbles from the British Museum. With help from old friends worldwide, plus a few surprising ones, Danny pursues his goal, despite vicious interventions from Interpol and avaricious underworld art collectors. At great cost to him and his accomplices, Danny settles a few scores, outfoxes old foes, and guarantees the future of his chosen career.

How to Steal a Dog Apr 17 2022 Half of me was thinking, Georgina, don't do this. Stealing a dog is just plain wrong. The other half of me was thinking, Georgina, you're in a bad fix and you got to do whatever it takes to get yourself out of it. Georgina Hayes is desperate. Ever since her father left and they were evicted from their apartment, her family has been living in their car. With her mama juggling two jobs and trying to make enough money to find a place to live, Georgina is stuck looking after her younger brother, Toby. And she has her heart set on improving their situation. When Georgina spots a missing-dog poster with a reward of five hundred dollars, the solution to all her problems suddenly seems within reach. All she has to do is "borrow" the right dog and its owners

are sure to offer a reward. What happens next is the last thing she expected. With unmistakable sympathy, Barbara O'Connor tells the story of a young girl struggling to see what's right when everything else seems wrong. *How to Steal a Dog* is a 2008 Bank Street - Best Children's Book of the Year. This title has Common Core connections.

Campaign of the Century Feb 21 2020 "This revelatory account of the 1960 presidential election between John F. Kennedy and Richard Nixon shatters long-held myths about one of the twentieth century's most important political events. Drawing on a wide variety of archival sources, such as FBI surveillance of Kennedy, Nixon's correspondence with Billy Graham, and the papers of Dwight Eisenhower, Lyndon Johnson, and many others, Irwin F. Gellman provides the first balanced history of both the general election and the jockeying within the parties that preceded it"--

Bomb Apr 05 2021 In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. *Bomb* is a 2012 National Book Awards finalist for Young People's Literature. *Bomb* is a 2012 Washington Post Best Kids Books of the Year title. *Bomb* is a 2013 Newbery Honor book.

Thirteen Ways to Steal a Bicycle Oct 11 2021 Theft causes greater economic injury than any other criminal offense. Yet fundamental questions about what should count as stealing remain unresolved. Green assesses our legal framework at a time when our economy commodifies intangibles (intellectual property, information, ideas, identities, and virtual property) and theft grows more sophisticated.

The Global-Warming Deception Apr 24 2020 Global warming's hidden agenda: a global socialist government The worldwide effort to combat manmade global warming is history's most far-reaching hoax. In *The Global-Warming Deception*, Grant R. Jeffrey documents the orchestrated campaign of political pressure, flawed science, and falsified data—all designed to sell an environmental lie and bring the West to its knees. United Nations agencies use the threat of rising ocean levels, crop failure, expanding deserts, and the extinction of species to convince western nations to surrender their sovereignty. As these developments play out, we see the globalists consolidating their power. In *The Global-Warming Deception*, you will find proof that:

- Laws and regulations to reduce carbon emissions are designed to destroy the free-enterprise system and drain wealth from western nations.
- The religion of eco-fundamentalism denies the existence of God and substitutes in His place the worship of the earth.
- The coming economic collapse, hastened by global-warming laws, will lead to international chaos. A one-world government will be presented as the solution, followed by the arrival of the Antichrist. Your liberty is at stake. Now is the time to learn all you can about the socialist-Marxist elite that is advancing the false threat of global warming—the most deadly deception in history.

How Civil Wars Start Dec 13 2021 NEW YORK TIMES BESTSELLER • A leading political scientist examines the dramatic rise in violent extremism around the globe and sounds the alarm on the increasing likelihood of a second civil war in the United States "Required reading for anyone invested in preserving our 246-year experiment in self-government."—The New York Times Book Review ONE OF THE BEST BOOKS OF 2022 SO FAR: Esquire, Financial Times Political violence rips apart several towns in southwest Texas. A far-right militia plots to kidnap the governor of Michigan and try her for treason. An armed mob of Trump supporters and conspiracy theorists storms the U.S. Capitol. Are these isolated incidents? Or is this the start of something bigger? Barbara F. Walter has spent her career studying civil conflict in places like Iraq, Ukraine, and Sri Lanka, but now she has become increasingly

worried about her own country. Perhaps surprisingly, both autocracies and healthy democracies are largely immune from civil war; it's the countries in the middle ground that are most vulnerable. And this is where more and more countries, including the United States, are finding themselves today. Over the last two decades, the number of active civil wars around the world has almost doubled. Walter reveals the warning signs—where wars tend to start, who initiates them, what triggers them—and why some countries tip over into conflict while others remain stable. Drawing on the latest international research and lessons from over twenty countries, Walter identifies the crucial risk factors, from democratic backsliding to factionalization and the politics of resentment. A civil war today won't look like America in the 1860s, Russia in the 1920s, or Spain in the 1930s. It will begin with sporadic acts of violence and terror, accelerated by social media. It will sneak up on us and leave us wondering how we could have been so blind. In this urgent and insightful book, Walter redefines civil war for a new age, providing the framework we need to confront the danger we now face—and the knowledge to stop it before it's too late.

The Endurance Dec 21 2019 Young James Higgins has a bold plan: steal the infamous reputation of Rodriguez de Medina, steal his ship, steal his plan to capture the gold laden Man-of-War, the Endurance. Every ship that has faced Captain Rodriguez in the past eight months has surrendered without a fight. This is the crux of James' plan. No one, including the Endurance, knows the San Paulo was commandeered by a ruffian. He will impersonate Rodriguez and the Endurance will surrender her treasure. Or so he hopes.

The Art of the Steal Oct 19 2019 Journeys inside the scandal that rocked the art auction world, describing how Alfred Taubman, Diana Brooks, and Christopher Davidge conspired to cheat clients, while describing the operations of Sotheby's and Christie's.

Stealing Your Life Dec 25 2022 The charismatic forger immortalized in *Catch Me If You Can* exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, *Stealing Your Life* is the reference everyone needs by an unsurpassed authority on the latest identity theft schemes. Consider these sobering facts:

- Six out of ten American companies and government agencies have already been hacked.
- An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address.
- Americans write 39 billion checks a year, and half of them never reconcile their bank statements.
- A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79.

Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass:

- Don't allow your kids to use the computer on which you do online banking and store financial records (children are apt to download games and attachments that host damaging viruses or attract spyware).
- Beware of offers that appeal to greed or fear in exchange for personal data.
- Monitor your credit report regularly and know if anyone's been "knocking on your door."
- Read privacy statements carefully and choose to opt out of sharing information whenever possible.

Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, *Stealing Your Life* is the practical way to shield yourself from one of today's most nefarious and common crimes.

The Booter Boys Mar 24 2020 David is in training for the Best Bottom Burp Championships - the 3Bs. Identity Thief Feb 27 2023 Exchange Fear and Doubt for a Life of Radical Possibility Since the Garden, our true identities have been

hijacked--stolen by Satan. We've fallen prey to the subtle, believable lies of the enemy that we are inadequate, powerless, ineffective. As a result, God's purposes for our lives are short-circuited. Robby Dawkins, a most engaging storyteller, shows how the enemy has shattered our understanding that we are made in the image and likeness of God. When we grasp the truth of who we are in Christ, we can walk with him into the realm of power reserved for each of God's children. We can do the things Jesus commanded us to do--heal the sick, rout demons, deliver the captives. The thief comes to steal, kill, and destroy. Don't let him.

Reclaim your true identity and live a life of purpose, passion, and power.

The Best Thing You Can Steal May 26 2020 Welcome to London, but not as you know it. A place where magics and horror run free, wonders and miracles are everyday things, and the dark streets are full of very shadowy people . . . Gideon Sable is a thief and a con man. He specializes in stealing the kind of things that can't normally be stolen. Like a ghost's clothes, or a photo from a country that never existed. He even stole his current identity. Who was he originally? Now, that would be telling. One thing's for sure though, he's not the bad guy. The people he steals from always have it coming. Gideon's planning a heist, to steal the only thing that matters from the worst man in the world. To get past his security, he's going to need a crew who can do the impossible . . . but luckily, he has the right people in mind. The Damned, the Ghost, the Wild Card . . . and his ex-girlfriend, Annie Anybody. A woman who can be anyone, with the power to make technology fall in love with her. If things go well, they'll all get what they want. And if they're lucky, they might not even die trying . . .

Steal This Vote Sep 10 2021 The 2000 presidential election meltdown and the more recent controversy about computer voting machines did not come out of the blue. *Steal This Vote* tells the fraught but very colorful history of electoral malfeasance in the United States. It is a tale of votes bought, stolen, suppressed, lost, cast more than once, assigned to dead people and pets, miscounted, thrown into rivers, and litigated all the way to the Supreme Court. (No wonder America has the lowest voter participation rate of any Western democracy!) Andrew Gumbel—whose work on the new electronic voting fraud has been praised by Gore Vidal and Paul Krugman, and has won a Project Censored Award—shows that, for all the idealism about American democracy, free and fair elections have been the exception, not the rule. In fact, Gumbel suggests that Tammany Hall, shrouded as it is in moral odium, might have been a fairer system than we have today, because ostensibly positive developments like the secret ballot have been used to squash voting rights ever since.

Fraud Sep 22 2022 Can an election be stolen? You bet it can. The intrepid reporter Eric Eggers has uncovered just how easy it is to cast a fraudulent ballot—canceling out your vote and in some cases deciding elections. We know—despite official denials—that voter fraud is happening. In fact, Eggers shows, it's rampant, and it's all over the country. Worse, many famous civil rights organizations encourage voter fraud and frustrate its prosecution. Every proposed voting security measure and every attempt to enforce existing laws is treated as an attack on the right to vote. But of course, the real threat to civil rights, free and fair elections, and the rule of law is voter fraud. And in case after shocking case, Eggers shows how voter fraud is subverting American democracy. In his frightening and thought-provoking book, Eggers highlights:

- How so-called "progressive" organizations promote and explain away voter fraud
- Why voter fraud is a growing threat—and tied to illegal immigration
- How swing states in national elections could be swung by voter fraud

The Art of the Steal Sep 29 2020 The world--famous former con artist and bestselling author of *Catch Me if You Can* now reveals the mind--boggling tricks of the scam trade--with advice that has made him one of America's most sought--after fraud--prevention experts. "I had as much knowledge as any man alive concerning the mechanics of forgery, check swindling, counterfeiting, and other similar crimes. Ever since I'd been released from prison, I'd often felt that if I directed this knowledge into the right channels, I could help people a great deal. Every time I went to the store and wrote a check, I would see two or three mistakes made on the part of the clerk or cashier, mistakes that a flimflam artist would take advantage of. . . . In a certain sense, I'm still a con artist. I'm just putting down a positive con these days, as opposed to the negative con I used in the past. I've merely redirected the talents I've always possessed. I've applied the same relentless attention to working on stopping fraud that I once applied to perpetuating fraud." In *Catch Me if You Can*, Frank W.

Abagnale recounted his youthful career as a master imposter and forger. In *The Art of the Steal*, Abagnale tells the remarkable story of how he parlayed his knowledge of cons and scams into a successful career as a consultant on preventing financial foul play--while showing you how to identify and outsmart perpetrators of fraud. Technology may have made it easier to track down criminals, but cyberspace has spawned a skyrocketing number of ways to commit crime--much of it untraceable. Businesses are estimated to lose an unprecedented \$400 billion a year from fraud of one sort or another. If we were able to do away with fraud for just two years, we'd erase the national debt and pay Social Security for the next one hundred years. However, Abagnale has discovered that punishment for committing fraud, much less recovery of stolen funds, seldom happens: Once you're a victim, you won't get your money back. Prevention is the best form of protection. Drawn from his twenty-five years of experience as an ingenious con artist (whose check scams alone mounted to more than \$2 million in stolen funds), Abagnale's *The Art of the Steal* provides eye-opening stories of true scams, with tips on how they can be prevented. Abagnale takes you deep inside the world and mind of the con artist, showing you just how he pulled off his scams and what you can do to avoid becoming the next victim. You'll hear the stories of notorious swindles, like the mustard squirter trick and the "rock in the box" ploy, and meet the criminals like the famous Vickers Gang who perpetrated them. You'll find out why crooks wash checks and iron credit cards and why a thief brings glue with him to the ATM. And finally, you'll learn how to recognize a bogus check or a counterfeit bill, and why you shouldn't write your grocery list on a deposit slip. A revealing look inside the predatory criminal mind from a former master of the con, *The Art of the Steal* is the ultimate defense against even the craftiest crook.

A Devious Plan Jan 22 2020 With an unfaithful wife and a career in shambles, troubled Bill Ferguson decides to take drastic action. The youngest Vice President in the history of Greystone Mutual Insurance, the workaholic executive becomes burned out, slacks off, and is demoted as a result. Learning of his wife Laura's infidelity only adds insult to injury. Lost, he is intrigued by a news story about a man who attempted to fake his own death and failed miserably. Bill decides he can do better. A lot better. Over a two month period he perfects a scheme to make it appear as if he's been murdered, then steal the three million in life insurance from his wife. His intricate plan includes creating two new identities, a fictitious employee, and a private, overseas bank. Bill's scheme is just crazy enough to work. His staged crime scene confuses the police, while unbeknownst to him, his wife and her lover help to further his plan. After stealing the money in daring fashion, Bill and the cash disappear. An elaborate financial shell game allows him to walk away with the money. The question is, will he be caught? A crime novel with excellent pace, *A DEVIOUS PLAN* is a tale of revenge, and deception.

Steal Jul 08 2021 Art galleries and casinos, mansions and brothels, billionaires and thieves—only James Patterson could create a triple-cross this decadent and suspenseful. Imagine everyone's surprise when Carter von Oehson, a sophomore in Dr. Dylan Reinhart's Abnormal Psychology class, posts on Instagram that he plans to kill himself. 24 hours later and still no one has seen him. Release the hounds. A massive search ensues. But when Carter's sailboat rolls in with the tide without him or anyone else on it, the worst seems to be confirmed. He really did it . . . Or did he? The one person convinced he's still alive is his father, Mathias von Oehson, founder and CEO of the world's largest hedge fund. But what Mathias knows and how he knows it would ultimately reveal a secret so damaging that it would be as if he were committing suicide himself. There's no way he can go to the police. But there's still someone he can turn to. Dylan now finds himself wrapped up in multi-million-dollar secrets and danger and it's going to take every bit of his wit, and the brilliant and headstrong NYPD Detective, Elizabeth Needham, to stay ahead of both his enemy . . . and his employer.

Steal this Dream Jun 07 2021 In the tradition of "Edie, the oral biography of Edie Sedgwick," *Steal This Dream* is a captivating roller-coaster ride of an oral biography of Abbie Hoffman and the sixties, told by over two hundred of those who demonstrated, protested, and lived through those tumultuous years. Abbie Hoffman was at the center of most of the political and social tumult of the sixties, as a participant, disciple, instigator, leader, and dissident. He helped fight for civil rights in the South, organized on behalf of the poor in New York City, was a leader of the Flower Power generation in Haight-Ashbury in San Francisco, and

was one of the most vocal and visible counterculture guerrillas in the fight against the war in Vietnam. He created chaos on Wall Street, experimented with psychedelics, hashish, speed, cocaine, and free love, planned be-ins, attempted to "levitate" the Pentagon, helped to disrupt the Democratic Convention in Chicago, and was one of the forces behind Woodstock. A genius at exploiting and manipulating the media, and through them, inspiring a counterculture across the country and throughout the decade, Abbie was the most famous hippie and revolutionary of modern times. A fast-paced and utterly compelling oral history told by the people Abbie worked with, for, and against--from Tom Hayden and Jerry Rubin to Paul Krassner and Timothy Leary--"*Steal This Dream* is the finest social history of the sixties yet written.

Steal This Book Oct 31 2020 A handbook of survival and warfare for the citizens of Woodstock Nation A classic of counterculture literature and one of the most influential--and controversial--documents of the twentieth century, *Steal This Book* is as valuable today as the day it was published. It has been in print continuously for more than four decades, and it has educated and inspired countless thousands of young activists. Conceived as an instruction manual for radical social change, *Steal This Book* is divided into three sections--Survive! Fight! and Liberate! Ever wonder how to start a guerilla radio station? Or maybe you want to brush up on your shoplifting techniques. Perhaps you're just looking for the best free entertainment in New York City. (The Frick Collection--"Great when you're stoned.") Packed with information, advice, and Abbie's unique outlaw wisdom ("Avoid all needle drugs--the only dope worth shooting is Richard Nixon."), *Steal This Book* is a timeless reminder that, no matter what the struggle, freedom is always worth fighting for. "All Power to the Imagination was his credo. Abbie was the best."--Studs Terkel

At Any Cost May 18 2022 Describes Al Gore's efforts to overturn the results of the 2000 presidential election, including his attempts to toss military ballots and his campaign against Florida attorney general Katherine Harris.

Billionaires & Ballot Bandits Feb 15 2022 NOW A NEW YORK TIMES BESTSELLER! A close presidential election in November could well come down to contested states or even districts--an election decided by vote theft? It could happen this year. Based on Greg Palast and Robert F. Kennedy, Jr.'s investigative reporting for Rolling Stone and BBC television, *Billionaires & Ballot Bandits: How to Steal an Election in 9 Easy Steps* might be the most important book published this year--one that could save the election. Last week *Billionaires & Ballot Bandits* debuted on the NYT Bestseller list at #10 in paperback nonfiction. *Billionaires & Ballot Bandits* names the filthy-rich sugar-daddies who are super-funding the Super-PACs of both parties--billionaires with nicknames like "The Ice Man," "The Vulture" and, of course, The Brothers Koch. Told with Palast's no-holds-barred, reporter-on-the-beat style, the facts as he lays them out are staggering. What emerges in *Billionaires & Ballot Bandits* is the never-before-told-story of the epic battle being fought behind the scenes between the old money banking sector that still supports Obama, and the new hedge fund billionaires like Paul Singer who not only support Romney but also are among his key economic advisors. Although it has not been reported, Obama has shown some backbone in standing up to the financial excesses of the men behind Romney. *Billionaires & Ballot Bandits* exposes the previously unreported details on how operatives plan to use the hundreds of millions in Super-PAC money pouring into this election. We know the money is pouring in, but Palast shows us the convoluted ways the money will be used to suppress your vote. The story of the billionaires and why they want to buy an election is matched with the nine ways they can steal the election. His story of the sophisticated new trickery will pick up on Palast's giant New York Times bestseller, *The Best Democracy Money Can Buy*.
