Almanac of the Federal Judiciary Dec 19 2019 The Almanac of the Federal Judiciary has built its considerable reputation by providing balanced, responsible judicial profiles of every federal judge and all the key bankruptcy judges and magistrate judges -- profiles that include reliable inside information based on interviews with lawyers who have argued cases before the federal judiciary. Containing valuable, hard-to-find material on every federal trial judge and appellate judge in the nation, this unique resource includes: Each judge's academic and professional background, experience on the bench, noteworthy rulings, and

media coverage Candid, revealing commentary by lawyers, based on first-hand experiences before their local federal judges Helpful tips for your litigating team in shaping case strategy Important insights into each judge's style, demeanor, knowledge, and management of courtroom proceedings And continuing in-depth research, with semiannual updates. The Almanac of the Federal Judiciary is divided into two volumes: Volume 1: District Magistrates and Bankruptcy Judges Volume 2: Circuit Judges

The Total Dirt Rider Manual (Dirt Rider) Nov 22 2022 Many motorcyclists got their start on a dirt bike, and many more have learned the joy and freedom of trail riding and adventure touring. Affordable, easy to ride and fun, dirt bikes are a great way to enjoy the great outdoors and build riding skills. This book covers riding and wrenching basics, as well as more advanced X-games style tricks. The Total Dirt Rider Manual, from Pete Peterson and the Editors of Dirt Rider magazine, is your all-inclusive guide to dirt bike riding. With high-quality design, intricate detail, and a durable flexicover—this manual is the perfect gift! Gear: From how to buy the best bike to evaluating a used ride; suit up for style

safety, and comfort. Also learn how to adapt your gear to a wide range of riding conditions. Riding: Dirt riding is not just a great form of outdoor recreation, it ' s a sport in its own right, and this book has the information you need to enjoy a casual day on the trails or to compete year round. Wrenching: Dirt Rider is renowned for its " Dr. Dirt " feature, which breaks down repairs from the everyday to the highly specialized into simple, step-by-step tutorials. This book features the best of those, allowing any rider to become their own mechanic and save money. Suspension: A bike ' s suspension is vital, expensive to fix, and tricky to diagnose. If there ' s one thing off-road riders crave, it ' s the ability and know-how to do this maintenance themselves. This special section delivers with clear, detailed but quick-to-grasp, tips from America ' s top race-bike mechanics; this section alone could save a rider thousands of dollars. Whether you enjoy trail-riding and exploring the backcountry, aspiring to motocross stardom, wondering how they do those amazing freestyle flips, this book is packed with hands-on, off-road tips and tricks to get you there – and keep you moving.

A Tenth-Century Byzantine Military Manual: The Sylloge Tacticorum Sep 08 2021 The Sylloge Tacticorum is a mid-Byzantine example of the literary genre of military manuals or Taktika which stretches back to antiquity. It was one of a number produced during the tenth century CE, a period when the Byzantine empire enjoyed a large measure of success in its wars against its traditional enemy, the Arabs. Compiled to record and preserve military strategies, know-how, and tactics, the manual discusses a wide variety of matters: battle formations, raids, sieges, ambushes, surprise attacks, the treatment of prisoners of war and defectors, distribution of booty, punishment of military offences, how to mount effective espionage, and how to send and receive envoys. There is even advice on the personal qualities required by generals, on how to neutralize enemy horses, and on how to protect the troops against poisoned food. The work culminates in an account of the stratagems employed by great Greek and Roman military commanders of the past. While, like so much of Byzantine literature, the Sylloge often simply reproduces material found in earlier texts, it also preserves a great deal of information about the military tactics being developed by the Byzantine army during the tenth century. It is the first Byzantine source to record

the reappearance of a specialized heavy cavalry (the kataphraktoi) and of a specialized infantry (the menavlatoi) used to repel the attacks of the opposing heavy cavalry. There is also a great deal of information on new infantry and cavalry formations and on the new tactics that required them. This is the first complete translation of the Sylloge into English. It is accompanied by a glossary of the specialised Greek military vocabulary used in the work and by footnotes which explain obscure references and identify the author 's classical and Byzantine sources. An introduction places the work in its historical and literary context and considers some of the questions that have remained unanswered over the centuries, such as its authorship and the date of its composition.
