Stories of the King

Mr. Morris's narratives, originally published in 1901, make you feel as if you are listening to a kindly grandfather recounting tales from the past. This delightful book will introduce to your child famous people and events that occurred in the nations around the world. Plus we've added a few chapters of our own, so Volume 1 presents stories from Queen Elizabeth through Garibaldi (1550-1850). Storytelling as a fundamental human impulse, one that announces itself at the moment, hidden in infancy, that dreams begin—this is what the poet and critic Randall Jarrell set out to illuminate in this extraordinary book. Here Jarrell presents ballads, parables, anecdotes, and legends along with some of the finest work of Chekhov, Babel, Elizabeth Bowen, Isak Dinesen, Kafka, Peter Taylor, and Katherine Anne Porter. This wonderful anthology, with its celebrated introductory essay, enlarges and deepens our perception of the storyteller's art

and its central place in the world of our feelings. In the immediate aftermath of the Civil War, the North assumed significant power to redefine the South, imagining a region rebuilt and modeled on northern society. The white South actively resisted these efforts, battling the legal strictures of Reconstruction on the ground. Meanwhile, white southern storytellers worked to recast the South's image, romanticizing the Lost Cause and heralding the birth of a New South. Prince argues that this cultural production was as important as political competition and economic striving in turning the South and the nation away from the egalitarian promises of Reconstruction and toward Jim Crow. Native Americans use storytelling to get to know one another, as well as, passing history

and messages on to newer generations. These stories are a heritage, but they will be known only as long as they are told. When someone ceases to tell a story, part of our cultural knowledge is gone. The stories of Native American Indians have always possessed some greater meaning. They are often based in nature or about animals. And even though the tribes may vary in location or beliefs, deep within you will find a common thread. Respect for nature can be heard in stories from tribes from Canada to Florida. The stories included in this book show Native American storytelling at its best. These stories have been passed from generation to generation as with tradition, and have been left as much intact as possible. As with tradition, these stories are now shared with you, to go forward and share with a future generation. Through storytelling, the rich history of the Native American tribes is alive and well today. It has been shared and preserved and still pays tribute to fallen heroes of the past. It is through

these glimpses into the past, and these stories much like the ones that are contained in this book, that you can see what a proud heritage they possess and how in tune with the Earth Native Americans really are. Among the stories included in this book are: The Beaver and the Old Man, The Old Beggar, How the Rabbit Stole the Otter's Coat, Origin of the Pleiades and the Pine, What Became of the Rabbit, Origin of Light, The Spirit Land, The Fable of the Animals, The Theft of Fire, The Creation, The Empounded Water, The Deceived Blind Men, Manabozho's Wolf Brother, The Boy Who Became a God, Song of the Ghost Dance, A Raccoon Story, and many, many more. Presents stories and legends from many different countries featuring the intercession of the Child Jesus. Just in time for Valentine's Day comes a confection from David Levithan that is sure to have fans of Boy Meets Boy eager to devour it. Here are 18 stories, all about love, all kinds of love. From the aching for the one you pine for, to standing up and

speaking up for the one you love, to pure joy and happiness, these love stories run the gamut of that emotion that at some point has turned every one of us inside out and upside down. What is love? With this original story collection, David Levithan proves that love is a many splendored thing, a varied, complicated, addictive, wonderful thing. Has a brief children's story for every day of the year. Embrace the power of storytelling with Little Stories of Your Life. Start telling your own story, find your creative self and be more mindful. Combining the wellbeing benefits of mindfulness, creativity and daily photography, this book shows you how to use words and photographs to capture precious little moments and how to share these in order to connect with others. Each chapter explores the different ways you can tell your own stories, considers why you might choose to tell them and helps you to create a patchwork of tiny tales about your life, however small they might be. Throughout the book, Laura shares her own

personal stories and research that shows you how to tune out of the bigger picture and focus on the everyday. There are exercises to gently guide you through how to journal and harness your inner creativity, as well as tips on improving your photography, photo challenges and writing prompts to get you started. It's easy to feel that our own lives are not enough, but real lives are not defined by bright, exciting events: we don't need a grand narrative arc. It's the stretches of time in between that matter, the tiny moments and the daily choices that make us who we are. Newbery Honor author Gary Paulsen has long been an ardent supporter of books, reading, and literacy programs. To further the cause of ProLiteracy Worldwide, he asked prominent authors to write an original story; the only restriction was that each story was to include mention of a book. The result is this collection, *Shelf Life: Stories by the Book*. From Jennifer L. Holm's story of a girl on Mars trying desperately to return to Earth to Gregory

Maguire's domestic intrigue; from Kathleen Karr's story of a thief in turn-of-the-century Chicago to M. T. Anderson's mysterious shipboard adventure; from A. LaFaye's tale of magical wonderment to Marion Dane Bauer's story of doing good, this volume provides a full range of reading for every taste. Other authors featured here are Joan Bauer, Ellen Conford, Margaret Peterson Haddix, and Ellen Wittlinger. Sales of this book benefit ProLiteracy Worldwide, an international network with more than 1,400 programs in the United States and 79 partner programs abroad, whose mission is to change lives through literacy. You may have thought you knew the lives of famous people—such as Martin Luther King Jr., Howard Hughes, Mother Teresa, Muhammad Ali, Ronald Reagan, Susana Wesley, and many more. But, in *The Book of Amazing Stories*, you'll know so much more about Ronnie's faithful church-going single mom and William's early days as a humble shoemaker's apprentice. You'll marvel at how

God used the lives of these ordinary people to change the course of human history. Life makes the strangest sharp turns and, sometimes, U-turns. Robert Petterson—popular speaker, storyteller, and author—has been a student for his entire life of what God is teaching us through those real-life U-turns. In this book, he compiles 90 amazing stories that teach lessons you won't easily forget. Each devotional ends with a compelling thought about life and God. Be amazed. Be encouraged. Learn the lessons God is teaching through people's lives. Come travel back in time with me to explore the stories of the forgotten. From suicides to drownings, accidents and natural deaths to unsolved murders, these fatalities occurred under the most bizarre and mysterious circumstances. From chapter to chapter, you will delve into each story with their own tumultuous twists and turns. Find out what really happened to Octavia Hatcher and Julia Legare, both rumored to have been buried alive. Read the details of the three equally mysterious

drownings of Alida Ghirardelli, Ella Newton, and Agnes Jaycoax. Be shocked by the story of Rose De Fabrizio, the young bride who collapsed while walking up the steps of the church to be married. Find out the truth behind Savannah's own mystery encircling the life and death of Corinne Elliott Lawton. In San Diego County, let me show you the facts surrounding the Hotel Del Coronado's "Beautiful Stranger," as well as the puzzling account of Emma LeDoux, the infamous Black Widow of Amador County, and many more. Besides these narratives, I have covered many popular urban legends known throughout the country. See how I reveal the truth behind Burrillville, Rhode Island's more recent folklore encompassing the tale of Bathsheba Sherman. Take a closer look at the origins of other urban legends within Niles Canyon, located near Fremont, California. In each case, I present to you a thoroughly researched accounting of every story. This allows you to draw your own conclusions, and find out where many of their

graves can be found in cemeteries within the United States. Like Hans Christian Andersen and the Brothers Grimm, Isak Dinesen and Angela Carter, A. S. Byatt knows that fairy tales are for grownups. And in this ravishing collection she breathes new life into the form. Little Black Book of Stories offers shivers along with magical thrills. Leaves rustle underfoot in a dark wood: two middle-aged women, childhood friends reunited by chance, venture into a dark forest where once, many years before, they saw—or thought they saw—something unspeakable. Another woman, recently bereaved, finds herself slowly but surely turning into stone. A coolly rational ob-gyn has his world pushed off-axis by a waiflike art student with her own ideas about the uses of the body. Spellbinding, witty, lovely, terrifying, the Little Black Book of Stories is Byatt at the height of her craft. Stories are powerful conductors, transmitting light, hope, and love. We each have a quiet narration going on in our minds of the story of our lives and

perceive reality through a particular lens. For some, the lens is that of a victim. For others, it's that of a survivor. This book offers another way to look at life: through a spiritual lens. When we strive to be of service to others, however modest that service may be, we receive divine confirmations. I looked at my own life this way and found one magical moment after another, where grace, confirmation, and love appeared as if out of nowhere. This book is a collection of those stories. I hope these vignettes help to spark something in your memory about how light and love is moving in your life. Short Stories of Our Time is a selection of 13 short stories by contemporary authors, all with 20th Century urban settings. The stories have been chosen to appeal to students who are impatient with the classics but respond to stories which illuminate the reality they know. The importance of personal storytelling in contemporary culture and politics In an age where our experiences are processed and filtered through a wide variety of

mediums, both digital and physical, how do we tell our own story? How do we “get a life,” make sense of who we are and the way we live, and communicate that to others? *Stories of the Self* takes the literary study of autobiography and opens it up to a broad and fascinating range of material practices beyond the book, investigating the manifold ways people are documenting themselves in contemporary culture. Anna Poletti explores Andy Warhol’s Time Capsules, a collection of six hundred cardboard boxes filled with text objects from the artist’s everyday life; the mid-aughts crowdsourced digital archive PostSecret; queer zine culture and its practices of remixing and collaging; and the bureaucratic processes surrounding surveillance dossiers. *Stories of the Self* argues that while there is a strong emphasis on the importance of personal storytelling in contemporary culture and politics, mediation is just as important in establishing the credibility and legibility of life writing. Poletti argues that

the very media used for writing our lives intrinsically shapes how we are seen to matter. PULITZER PRIZE WINNER • NATIONAL BESTSELLER • A seminal collection from one of the true masters of the short story. Spanning the duration of Cheever’s long and distinguished career, these sixty-one stories chronicle and encapsulate the lives of what has been called “the greatest generation.” From the early wonder and disillusionment of city life in “The Enormous Radio” to the surprising discoveries and common mysteries of suburbia in “The Housebreaker of Shady Hill” and “The Swimmer,” these are tales that have helped define the form. Featuring a preface by the Pulitzer Prize-winning author, *The Stories of John Cheever* brings together some of the finest short stories ever written. “Cheever’s crowning achievement is the ability to be simultaneously generous and cynical, to see that the absurd and the profound can reside in the same moment, and to acknowledge both at the detriment of

neither." —The Guardian In this sports memoir, Wayne Gretzky weaves memories of his legendary career with an inside look at professional hockey and the heroes and stories that inspired him. From minor-hockey phenomenon to Hall of Fame sensation, Wayne Gretzky rewrote the record books, his accomplishments becoming the stuff of legend. Dubbed "The Great One," he is considered by many to be the greatest hockey player who ever lived. No one has seen more of the game than he has—but he has never discussed in depth just what it was he saw. For the first time, Gretzky discusses candidly what the game looks like to him and introduces us to the people who inspired and motivated him: mentors, teammates, rivals, the famous and the lesser known. Weaving together lives and moments from an extraordinary career, he reflects on the players who inflamed his imagination when he was a kid, the way he himself figured in the dreams of so many who came after; takes us

onto the ice and into the dressing rooms to meet the friends who stood by him and the rivals who spurred him to greater heights; shows us some of the famous moments in hockey history through the eyes of someone who regularly made that history. Warm, direct, and revelatory, it is a book that gives us number 99, the man and the player, like never before. Seven superb short stories from the bestselling author of *Charlie and the Chocolate Factory* and *The BFG!* Meet the boy who can talk to animals and the man who can see with his eyes closed. And find out about the treasure buried deep underground. A clever mix of fact and fiction, this collection also includes how master storyteller Roald Dahl became a writer. With Roald Dahl, you can never be sure where reality ends and fantasy begins. "All the tales are entrancing inventions." —Publishers Weekly It all begins with a letter. Fall in love with Penguin Drop Caps, a new series of twenty-six collectible and hardcover editions, each with a type cover

showcasing a gorgeously illustrated letter of the alphabet. In a design collaboration between Jessica Hische and Penguin Art Director Paul Buckley, the series features unique cover art by Hische, a superstar in the world of type design and illustration, whose work has appeared everywhere from Tiffany & Co. to Wes Anderson's recent film *Moonrise Kingdom* to Penguin's own bestsellers *Committed* and *Rules of Civility*. With exclusive designs that have never before appeared on Hische's hugely popular Daily Drop Cap blog, the Penguin Drop Caps series debuted with an 'A' for Jane Austen's *Pride and Prejudice*, a 'B' for Charlotte Brönte's *Jane Eyre*, and a 'C' for Willa Cather's *My Ántonia*. Set in an exotic Eastern landscape peopled by magicians and fantastic talking animals, Salman Rushdie's classic children's novel *Haroun and the Sea of Stories* inhabits the same imaginative

space as *Gulliver's Travels*, *Alice in Wonderland*, and *The Wizard of Oz*. Haroun, a 12-year-old boy sets out on an adventure to restore the poisoned source of the sea of stories. On the way, he encounters many foes, all intent on draining the sea of all its storytelling powers. A new anthology celebrating the witches and sorcerers of epic fantasy—featuring stories by George R. R. Martin, Scott Lynch, Megan Lindholm, and many others! Hot on the heels of Gardner Dozois's acclaimed anthology *The Book of Swords* comes this companion volume devoted to magic. How could it be otherwise? For every Frodo, there is a Gandalf . . . and a Saruman. For every Dorothy, a Glinda . . . and a Wicked Witch of the West. What would Harry Potter be without Albus Dumbledore . . . and Severus Snape? Figures of wisdom and power, possessing arcane, often forbidden knowledge, wizards and sorcerers are shaped—or misshaped—by the potent magic they seek to wield. Yet though their abilities may be godlike, these men and

women remain human—some might say all too human. Such is their curse. And their glory. In these pages, seventeen of today’s top fantasy writers—including award-winners Elizabeth Bear, John Crowley, Kate Elliott, K. J. Parker, Tim Powers, and Liz Williams—cast wondrous spells that thrillingly evoke the mysterious, awesome, and at times downright terrifying worlds where magic reigns supreme: worlds as far away as forever, and as near as next door.

Hailed by Frank O'Connor as one of "the greatest living storytellers," J. F. Powers, who died in 1999, stands with Eudora Welty, Flannery O'Connor, and Raymond Carver among the authors who have given the short story an unmistakably

American cast. In three slim collections of perfectly crafted stories, published over a period of some thirty years and brought together here in a single volume for the first time, Powers wrote about many things: baseball and jazz, race riots and lynchings, the Great Depression, and the flight to the suburbs. His greatest subject, however—and one that was uniquely his—was the life of priests in Chicago and the Midwest. Powers's thoroughly human priests, who include do-gooders, gladhanders, wheeler-dealers, petty tyrants, and even the odd saint, struggle to keep up with the Joneses in a country unabashedly devoted to consumption. These beautifully written, deeply sympathetic, and very funny stories are an unforgettable record of the precarious balancing act that is American life. From her childhood in China to the moment she won her first National Book Award, literary icon Katherine Paterson shares the personal stories that inspired her children's books. Told with her trademark humor and heart, Paterson's tales

reveal details about her life from her childhood with missionary parents, to living as a single woman in Japan, to raising four children in suburban Maryland with her minister husband. Read about the origins of such familiar characters as Leslie Burke and Janice Avery from *Bridge to Terabithia*, and go behind the scenes to the moments Katherine found out she won her many awards. Filled with personal photos and letters, this funny, heartwarming history from a legendary writer lets fans in on the making of literary classics. As exciting as any Greek myth, as inspiring as any story about knights of the round table, these stories of the Christian saints are filled with history, adventure, and inspiration. Here, the lives of 100 Christian saints are organized by theme and illustrated for kids ages 8-12. Mother Bear tells her cub Little Bear three bedtime stories about magical creatures and a brave little girl. Hymns are a form of worship and prayer that are capable of expressing what mere words alone

cannot. Many favorite Christian hymns and their authors have incredible stories that will make you listen to and sing these songs in an entirely different way. Our team spent thousands of hours researching and finding the most inspiring stories that will uplift those who take time to read or listen. Alex and Conner Bailey's world is about to change. When the twins' grandmother gives them a treasured fairy-tale book, they have no idea they're about to enter a land beyond all imagining: the Land of Stories, where fairy tales are real. But as Alex and Conner soon discover, the stories they know so well haven't ended in this magical land - Goldilocks is now a wanted fugitive, Red Riding Hood has her own kingdom, and Queen Cinderella is about to become a mother! The twins know they must get back home somehow. But with the legendary Evil Queen hot on their trail, will they ever find the way? *The Land of Stories: The Wishing Spell* brings readers on a thrilling quest filled with magic spells, laugh-out-loud humour and page-

turning adventure. Classic adventure stories by Joseph Conrad, Rudyard Kipling, Stephen Crane, Robert Louis Stevenson and Jack London mix with marvellously imaginative tales by Isak Dinesen, Patricia Highsmith and J. G. Ballard. Robert Olen Butler explores the memories of a Titanic victim who has become part of the sea that swallowed him; Ray Bradbury's 'The Fog Horn' summons something primeval and lonely from the ocean depths; John Updike's lovers retrace the route of Homer's Odyssey on a cruise ship. From Edgar Allan Poe's dramatic 'A Descent into the Maelstrom' to Ernest Hemingway's chilling 'After the Storm', the stories here are as wide-ranging and entrancing as the sea itself. From the author of Exhalation, an award-winning short story collection that blends "absorbing storytelling with meditations on the universe, being, time and space ... raises questions about the nature of reality and what it is to be human" (The New York Times). Stories of Your Life and Others delivers dual delights of

the very, very strange and the heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, *Stories of Your Life and Others* is a contemporary classic. Includes "Story of Your Life"—the basis for the major motion picture *Arrival*
