Outstanding American Gardens: A Celebration May 16 2022 The Garden Conservancy is celebrating its 25th anniversary with this beautifully illustrated book that documents a selection of the outstanding public and private gardens it has worked with since its founding in 1989. The book showcases eight gardens the conservancy has helped preserve and 43 of the more than 3,000 private gardens across the country that have been opened to the public through its Open Days Program. The private gardens cover a wide variety of regions, habitats, designs, and plants, from early spring through autumn. Featured private gardens include Panayoti Kelaidis's rock garden in Denver, Colorado; Deborah Whigham and Gary Ratway's collection of native and Mediterranean plants and earth walls in Albion, California; and James David's imaginative mix of heat-tolerant plants, rills, and pools in Austin, Texas.

Marvels 25Th Anniversary Jun 17 2022 Collects *Marvels Annotated* (2019) #1-4, *Marvels Epilogue* (2019) #1 and *Marvels 25th Tribute Variants*. The timeless classic that changed the way we look at Marvel super heroes celebrates its 25th birthday in style! Kurt Busiek and Alex Ross' original tour through the early history of the Marvels — as captured through the lens of photojournalist Phil Sheldon — is collected in full! Then, Busiek and Ross reunite for an amazing new epilogue featuring the all-new, all-different X-Men in deadly battle against the Sentinels — with the now-retired Phil and his daughters caught in the middle! Plus: A behind-the-scenes look at the creation of the epilogue; scripts, sketches and scores of other bonus features and a stunning gallery of variant covers paying tribute to the 25th anniversary of MARVELS!

The Pearl in America Dec 23 2022

America's 25 Issues to Fix and Make the United States Great, Again! Mar 14 2022 Everyday we are bombarded with images about how bad things are. Everyone points fingers and argues as to who is at fault never really coming up with solutions. Half the time they never really acknowledge the real issues. Instead it is just a finger pointing session. Then what happens Nothing! Well, that is not entirely true... Bars, restaurants, living rooms become filled with arm-chair leaders who discuss and debate the evils of the world. Making statements about how this needs to change or that. But they never actually follow through. Why? Because no one wants to rock the boat or because they think it doesn't matter anyway. Often times it is said nothing will change. Well that simply is not true. Things can change but it usually goes from bad to worse when no one will take a stand to make change. It is time to change back to when America was strong. It is not too late and yes we have a long list of issues. But we can start with these 25...

Austin City Limits Jan 12 2022 The longest-running showcase on television today celebrates a quarter-century of the best of America's music--from country, blues, and folk, to rock, bluegrass, Tejano, and more--with this exuberant, informative, richly illustrated, and highly entertaining book for Austin City Limits fans (past, present, and future) and music fans everywhere.

Gardeners' Chronicle Of America Apr 22 2020

Strangers in Their Own Land Nov 17 2019 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, The New York Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the *New Republic*, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

The Code of Federal Regulations of the United States of America Sep 27 2020

The 25-Year War Feb 19 2020 On April 30, 1975, Saigon and the government of South Vietnam fell to the communist regime of North Vietnam, ending—for American military forces—exactly twenty-five year of courageous but unavailing struggle. This is not the story of how America became embroiled in a conflict in a small country half-way around the globe, nor of why our armed forces remained there so long after the futility of our efforts became obvious to many. It is the story of what went wrong there militarily, and why. The author is a professional soldier who experienced the Vietnam war in the field and in the highest command echelons. General Palmer's insights into the key events and decisions that shaped American's military role in Vietnam are uncommonly perceptive. America's most serious error, he believes, was committing its armed forces to a war in which neither political nor military goals were ever fully articulated by our civilian leaders. Our armed forces, lacking clear objectives, failed to develop an appropriate strategy, instead relinquishing the offensive to Hanoi. Yet an achievable strategy could have been devised, Palmer believes. Moreover, our South Vietnamese allies could have been bolstered by appropriate aid but were instead overwhelmed by the massive American military presence. Compounding these errors were the flawed civilian and military chains of command. The result was defeat for America and disaster for South Vietnam. General Palmer presents here an insider's history of the war and an astute critique of America's military strengths and successes as well as its weaknesses and failures.

Forgotten Coins of the North American Colonies - 25th Anniversary Edition Mar 22 2020 Since the initial book on the Forgotten Coins of the North American Colonies was published in 1992 by Krause Publications there has been much advancement of these contemporary counterfeits by American & Foreign collectors. This book is not so much a research exercise into new areas of contemporary counterfeit collecting but a tribute to an individual who started many people in collecting these coins when at this time in 1992 few if any collectors thought of collecting contemporary counterfeits. Today most collectors of any advanced collecting interest have associated contemporary counterfeits in their collection. Today if I do meet a collector with no contemporary counterfeits in their collection I do question how advanced this collector is or putting it more plainly his "breadth" of knowledge in his field of collecting. Contemporary Counterfeits sort of rounds out the collector in his collecting pursuits and distinguishes him from just being as Bill always indicated a simple minded accumulator. The purpose of this book will be to discuss certain areas that the author is familiar with and to bring this information to its current level of understanding. A good definition is a definition we used for the Counterfeit Eight Reales book released in September 2014 by Amazon Books. A Contemporary Counterfeit is defined as a spurious coin made to circulate alongside originals in day to day commerce at the same value, regardless of face value or design type. See the Definitions section within this book. Specifically, the author will discuss the Canadian Blacksmiths, Spanish/American counterfeits (i.e., Kleeberg Two Reales and the Gurney/Nichols/Lorenzo Eight Reales), English and Irish Halfpence/Farthing contemporary counterfeits principally sold in the Stacks 2008 Michael Ringo Collection and other brief treatments of counterfeits mentioned in the Forgotten Book. The reason I use the word brief as it may take two or three volumes to address all these advancements. Most of the advancements are seen for the U.S. Colonial issues in the American Numismatic Society's Colonial Newsletter in which the serious student is urged to join the ANS and subscribe to the Colonial Newsletter.

Road Trip USA Jul 18 2022 The Road Awaits! Criss-cross the country on America's classic two-lane highways with Road Trip USA! Inside you'll find: 11 of America's favorite road trips with a flexible network of route combinations, color-coded and extensively cross-referenced to allow for hundreds of possible itineraries Mile-by-mile highlights celebrating the best of Americana, including roadside curiosities, parks, diners, and more Local history that reveals the unique personalities of small towns and big cities across the country Vintage snapshots, full-color photos, and beautiful illustrations of America both then and now Over 125 detailed driving maps covering more than 35,000 miles of classic American blacktop Expert advice from road-warrior Jamie Jensen, who cruised nearly 400,000 miles of highway in search of the perfect stretches of pavement Road Trip USA celebrates the great American road trip, and gives you the tools, resources, and inspiration to make it your own. Best of the Best American Poetry Oct 21 2022 100 poems selected by Robert Pinsky that represent each volume in The best American poetry series.

Concepts to Caricatures Apr 15 2022 Celebrating their 25th Anniversary, the Caricature Carvers of America's newest project offers an exclusive look into the creative carving process of twenty-six of America's top caricature carvers. CCA members have been given free rein to create one-of-a-kind carvings representative of their individual style. With full-color photos, drawings, and text, chapters describe the artists' personal approach to developing ideas, drawing patterns, and carving, painting, and finishing their caricatures. The book includes a step-by-step chapter on carving a baseball player, patterns for many of the original pieces, and individual chapters describing the unique approaches members of the CCA take as they carve in their trademark styles. The book includes a never-before-seen gallery of carvings spanning the 25-year history of the Caricature Carvers of America.

Classic Hikes of North America Dec 31 2020 Everything you need to know about the United States' and Canada's most enjoyable hiking routes and backcountry excursions. Classic Hikes of North America is a beautifully photographed and eminently practical account of the best backcountry journeys in the United States and Canada. Peter Potterfield, an experienced hiker and photographer, has analyzed and graded these spectacular wilderness experiences with both beginners and avid hikers in mind. Included in the book is helpful information, such as: level of difficulty, trail conditions, recommended seasons, potential hazards and difficulties, resource information, and detailed maps of hiking routes. Illustrated with more than 200 color photographs and hiking directions, here is inspiration

and information in a single volume. There are routes in the White Mountains of New Hampshire, the Big Beaver–Little Beaver Loop in the North Cascades National Park of Washington State, and the Slate Range in the Canadian Rockies, Alberta and British Columbia, and many more. These are journeys to dream on, and Potterfield puts them within reach of any aspiring hiker.

First Baptist Church of Bloomfield, N.J. (Organized Nov. 25th, 1851) Feb 01 2021 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Danger of America Delineated. an Address. Delivered at Cooperstown, in the County of Otsego, State of New-York, April 25th, 1799, the Fast Day, Recommended by the President of the United States Aug 27 2020 The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Delve into what it was like to live during the eighteenth century by reading the first-hand accounts of everyday people, including city dwellers and farmers, businessmen and bankers, artisans and merchants, artists and their patrons, politicians and their constituents. Original texts make the American, French, and Industrial revolutions vividly contemporary. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library W011990 Probably issued with: McDonald, John. The duty of America enforced. An exhortation. Delivered at Cooperstown .. April 25th, 1799. Cooperstown: Elihu Phinney, 1799 (Evans 35757). That title has separate title page and pagination, but gatherings are signed continuously with those of the present work. Cooperstown [N.Y.]: Printed by Elihu Phinney, 1799. 28p.; 8°

American 25-Years Life of the Russian Engineer Aug 19 2022 *American 25-Years Life of the Russian Engineer* by Anatoly Rozenblat This book is written about of the Soviet-Jewish immigration of 1989 and advantageously recommended for the social workers and of some official structures of America who has interest to the immigration processes. And content of this book includes such important topics as: Problems of “selection and humiliation” of former Soviet Jews in Italian transit camp immigration in 1989 about of definition the status of “Refugee”; Shown the real statistics of emigrant’s survival process advantageously the professional people and of their unclaimed in this American immigration.

Health Secrets for America: 25 Secrets & Tips to Discover Your Perfect Health Oct 09 2021

Attack Surface Jun 05 2021 Cory Doctorow's *Attack Surface* is a standalone novel set in the world of New York Times bestsellers *Little Brother* and *Homeland*. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she's devised are directed at her friends and family--including boy wonder Marcus Yallow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she

has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

First Book of American Folk Songs Feb 13 2022 Expert settings of 25 American folk classics by a well-known composer and arranger for young pianists. Includes "Amazing Grace," "Aura Lee," "Blue Tail Fly," "The Gift to Be Simple," "Go Down Moses," "Pop Goes the Weasel," "Shortnin' Bread," and "Sweet Betsy from Pike."

Retail Superstars Sep 08 2021 How small, one-of-a-kind businesses can break through among giants Megachains like Walmart, Starbucks, Home Depot, and The Gap attract Americans to thousands of outlets by offering a large selection of goods and services. But this doesn't mean that independent stores can't compete with the big guys-and win. Retail expert George Whalin identifies and explores twenty-five highly popular and profitable independent stores from around the country. Unlike the mom-and-pops of yesteryear, these businesses embrace technology and innovation, generate word of mouth, and turn their size into an advantage. They include: ? ABC Carpet and Home in New York City ? Powell's City of Books in Portland, Oregon ? The Junkman's Daughter in Atlanta ? Jungle Jim's International Market in Fairfield, Ohio Readers will be inspired by how these independent stores are thriving and take away lessons they can apply to their own businesses.

Proceedings of the Mining and Metallurgical Society of America Jan 24 2023

America's Bank Jul 06 2021 A tour de force of historical reportage, America's Bank illuminates the tumultuous era and remarkable personalities that spurred the unlikely birth of America's modern central bank, the Federal Reserve. Today, the Fed is the bedrock of the financial landscape, yet the fight to create it was so protracted and divisive that it seems a small miracle that it was ever established. For nearly a century, America, alone among developed nations, refused to consider any central or organizing agency in its financial system. Americans' mistrust of big government and of big banks—a legacy of the country's Jeffersonian, small-government traditions—was so widespread that modernizing reform was deemed impossible. Each bank was left to stand on its own, with no central reserve or lender of last resort. The real-world consequences of this chaotic and provincial system were frequent financial panics, bank runs, money shortages, and depressions. By the first decade of the twentieth century, it had become plain that the outmoded banking system was ill equipped to finance America's burgeoning industry. But political will for reform was lacking. It took an economic meltdown, a high-level tour of Europe, and—improbably—a conspiratorial effort by vilified captains of Wall Street to overcome popular resistance. Finally, in 1913, Congress conceived a federalist and quintessentially American solution to the conflict that had divided bankers, farmers, populists, and ordinary Americans, and enacted the landmark Federal Reserve Act. Roger Lowenstein—acclaimed financial journalist and bestselling author of *When Genius Failed* and *The End of Wall Street*—tells the drama-laden story of how America created the Federal Reserve, thereby taking its first steps onto the world stage as a global financial power. America's Bank showcases Lowenstein at his very finest: illuminating complex financial and political issues with striking clarity, infusing the debates of our past with all the gripping immediacy of today, and painting unforgettable portraits of Gilded Age bankers, presidents, and politicians. Lowenstein focuses on the four men at the heart of the struggle to create the Federal Reserve. These were Paul Warburg, a refined, German-born financier, recently relocated to New York, who was horrified by the primitive condition of America's finances; Rhode Island's Nelson W. Aldrich, the reigning power broker in the U.S. Senate and an archetypal Gilded Age legislator; Carter Glass, the ambitious, if then little-known, Virginia congressman who chaired the House Banking Committee at a crucial moment of political transition; and President Woodrow Wilson, the academician-turned-progressive-politician who forced Glass to reconcile his deep-seated differences with bankers and accept the principle (anathema to southern Democrats) of federal control. Weaving together a raucous era in American politics with a storied financial crisis and intrigue at the highest levels of Washington and Wall Street, Lowenstein brings the beginnings of one of the country's most crucial institutions to vivid and unforgettable life. Readers of this gripping historical narrative will wonder whether they're reading about one hundred years ago or the still-seething conflicts that mark our discussions of banking and politics today.

Open Veins of Latin America May 04 2021 [In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America

present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

Twenty-five Books That Shaped America Nov 29 2020 From the author of the New York Times bestselling *How to Read Literature Like a Professor* comes a highly entertaining and informative book on the twenty-five works of literature that have most shaped the American character. Thomas C. Foster applies his much-loved combination of wit, know-how, and analysis to explain how each work has shaped our very existence as readers, students, teachers, and Americans. He illuminates how books such as *The Last of the Mohicans*, *Moby-Dick*, *My Ántonia*, *The Great Gatsby*, *The Maltese Falcon*, *Their Eyes Were Watching God*, *On the Road*, *The Crying of Lot 49*, and others captured an American moment, how they influenced our perception of nationhood and citizenship, and what about them endures in the American character. *Twenty-five Books That Shaped America* is a fun and enriching guide to America through its literature.

Diet for a New America 25th Anniversary Edition Nov 22 2022 Originally published in 1987, *Diet for a New America* awakened the conscience of a nation with its startling examination of the food we buy and eat — and the moral, economic, and medical price we pay for it. Drawing a clear line connecting America's factory farm system with disease, animal cruelty, and ecological crises, Robbins makes perhaps the most eloquent argument for vegetarianism ever published. Robbins walked away from his family's business — the Baskin-Robbins ice cream empire — to pursue his dream of promoting a healthy society that practices "compassionate stewardship of a balanced ecosystem." In *Diet for a New America* he presents both a disturbing portrait of our current system and a vision for the future that will educate and empower readers to change.

Explore Colonial America! Nov 10 2021 In *Explore Colonial America!*, kids ages 6-9 learn about America's earliest days as European settlements, and how the colonists managed to survive, build thriving colonies, and eventually challenge England for independence. How did the colonists build homes, feed and clothe themselves, and get along with the Native Americans who were already here? This accessible introduction to the colonial period teaches young children about the daily lives of ordinary colonists and offers fascinating stories about those who helped shape the emerging nation. Activities range from creating a ship out of a bar of soap and building a log home out of graham crackers and pretzels to making a wampum necklace. Projects are easy-to-follow, require minimal adult supervision, and use primarily common household products and recycled supplies. By combining a hands-on element with riddles, jokes, fun facts, and comic cartoons, kids *Explore Colonial America!*, and have a great time discovering our nation's founding years.

The Essential American Aug 07 2021 More than ever, Americans are realizing that if we want to keep this country great, we must be citizen patriots. And here's the handbook every citizen patriot needs: *The Essential American*, featuring the fundamental documents of our nation's history. Compiled by syndicated

columnist Jackie Gingrich Cushman and featuring a foreword by her father—bestselling author and former Speaker of the House—Newt Gingrich, *The Essential American* is the ultimate patriot’s resource.

[25th United States of America President William McKinley Journal](#) Mar 02 2021 Journals are great for writing down ideas, taking notes, writing about travels and adventures, describing good and bad times.
