The satisfactory book, fiction, history, novel, scientific research, as skillfully as various additional sorts of books are readily available here.

As this Usar El Pendulo Correctamente Coleccion Feng Shui Y Radiestesia Spanish Edition, it ends taking place living thing one of the favored ebook Usar El Pendulo Correctamente Coleccion Feng Shui Y Radiestesia Spanish Edition collections that we have. This is why you remain in the best website to see the unbelievable ebook to have.

The teacher probes the Western problems of conformity and loss of personal values while offering a fresh approach to self-understanding and the meaning of personal freedom and mature love. Cannabis is globally the most commonly used psychoactive substance under international control. In 2013 an estimated 181.8 million people aged 15-64 years used cannabis for nonmedical purposes globally (UNODC 2015). There is an increasing demand for treatment for cannabis-use disorders and associated health conditions in high- and middle-income countries. This report focuses on nonmedical use of cannabis building on contributions from a broad range of experts and researchers from different parts of the world. It aims to present current knowledge on the impact of nonmedical cannabis use on health from its impact on brain development to its role in respiratory diseases. The potential medical utility of cannabis - including the pharmacology toxicology and possible therapeutic applications of the cannabis plant - is outside the scope of this report. Vivre en harmonie, avec les Nuls, c'est facile ! Ne passez pas à côté des

petits aménagements qui peuvent changer votre vie ! Le Feng Shui est un art ancien chinois consistant à améliorer chaque aspect de votre vie. Il agit sur l'environnement selon les principes de l'harmonie et des flux énergétiques (feng : le vent ; shui : l'eau). Saviez-vous que la disposition du lit dans votre chambre affecte votre sommeil ? Que l'emplacement de votre bureau influence votre concentration et votre efficacité au travail ? Ou encore, que l'agencement de votre jardin agit sur vos états d'âme ? En appliquant les secrets du Feng Shui révélés dans ce livre, vous verrez ce qui vous entoure d'un œil nouveau, et constaterez à quel point un environnement harmonieux fait circuler une plus grande énergie dans tout votre être. Avec ce " classique " de la collection, vous retrouverez énergie, sérénité et bien-être dans votre vie ! Le feng shui, littéralement "vent et eau", est à la fois un art de vivre et un enseignement... Découvrez dans ce Petit Guide : le chi, le yin et le yang, les 5 éléments et leurs interactions, les 5 animaux du feng shui, les outils indispensables en feng shui, la grille pa kua et le feng shui à la maison ! Un ebook pratique et malin qui répondra rapidement à toutes vos questions sur ce sujet. Avec plus de 300 titres parus, la collection "Petit Guide" vous propose de découvrir l'essentiel des sujets les plus passionnants et répond à vos questions sur l'histoire, les sciences, la nature, les religions, la santé, la cuisine, les langues et bien d'autres domaines ! Également disponible en numérique : - L'histoire de France - Le corps humain - Se soigner par les plantes - Les mathématiques - L'anglais (L'essentiel) - L'espagnol (L'essentiel) - Homéopathie - Les 12 signes du zodiaque - La grammaire - La Première Guerre mondiale - La beauté au quotidien - Ces aliments qui font maigrir - Remèdes anciens et beaucoup d'autres ! Vieux de 6000 ans, issu du taoïsme, interdit par Mao et ignoré par la science occidentale, le feng shui déferle aujourd'hui sur l'Occident, du moins dans sa version light . C'est qu'il est séduisant, le bougre: il se propose tout simplement de transformer notre habitat en oasis de bien-être. Encore faut-il qu'il arrive à se débarrasser des parasites qui s'accrochent à ses basques. Selon les principes du Feng Shui, les flux d'énergie doivent circuler librement, sans rencontrer d'obstacles, pour accroître l'énergie positive d'un lieu. En respectant des règles simples, nous pouvons purifier notre espace de vie et organiser les éléments qui nous entourent pour retrouver une vie harmonieuse. Ces principes s'appliquent aussi bien à l'habitat qu'au jardin, deux espaces qui, mal orchestrés, peuvent générer un inconfort psychologique et du stress. Un guide passionnant pour que notre quotidien soit synonyme de sérénité et d'épanouissement. #1 NEW YORK TIMES BESTSELLER

- The book that sparked a revolution and inspired the hit Netflix series Tidying Up with Marie Kondo: the original guide to decluttering your home once and for all. ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire. If you've picked up this book, chances are you're someone with a serious anger problem. Your explosive temper has probably cost you jobs, friends, loved ones—maybe even your liberty. If it hasn't yet, it soon will, unless you do something about it. This book contains a powerful and straightforward system for taking control of your anger and your life. This program is not easy, and it might even be painful at times—but it works. The book will teach you how your anger escalates and what you can do to change your angry thoughts and behaviors.

Then it's your turn. When you make and keep that promise to yourself to stay calm no matter what, the happier, safer life you want will become a possibility. With this book, you'll be able to:

- Identify the causes of your anger
- Avoid violence, blaming, and threats
- Stay calm one day at a time
- Change anger-provoking thoughts
- Ask for what you want without anger

The studies contained in this volume arose over the last thirty years. Originally the range of the materials I intended to include in my selection was very much wider. Publishing difficulties, however, have obliged me to curtail them to something less than half the planned content. At first I intended to include all the studies I supposed might be of interest to readers and represent contributions still of some significance for research in this domain of Oriental scholarship. When the necessity arose to limit the contents I gave preference to the standpoint of thematic completeness rather than to what would be of interest to the general reader. Thus in this volume I have confined myself to two thematic fields only—Old Chinese literature and studies dealing with mediaeval storytellers' productions—*hua-pen*. I have excluded the whole complex of historical studies and all studies relating to the new literature. I am now preparing, on the principal historical theme on which I was engaged already in the period of my studies in Prague under Prof. J. Bidlo, and then in 1928 till 1930, with Prof. B. Karlgren in Sweden and Prof. G. Haloun in Halle, in Germany, a more compendious study in which I hope to sum up the results of my research, and I also intend to publish a volume of selected studies dealing with the New Chinese literature at some later date.

“Ann Druyan has unearthed a treasure. It is a treasure of reason, compassion, and scientific awe. It should be the next book you read.” —Sam Harris, author of *The End of Faith* “A stunningly valuable legacy left to all of us by a great human being. I miss him so.” —Kurt Vonnegut

Carl Sagan's prophetic vision of the tragic resurgence of fundamentalism and the hope-filled potential of the next great development in human spirituality The late great astronomer and astrophysicist describes his personal search to understand the nature of the sacred in the vastness of the cosmos. Exhibiting a breadth of intellect nothing short of astounding, Sagan presents his views on a wide range of topics, including the likelihood of intelligent life on other planets, creationism and so-called intelligent design, and a new concept of science as "informed worship." Originally presented at the centennial celebration of the famous Gifford Lectures in Scotland in 1985 but never published, this book offers a unique encounter with one of the most remarkable minds of the twentieth century.

Report presents a series of analyses and recommendations for fostering the role of culture for sustainable development. Drawing on a global survey implemented with nine regional partners and insights from scholars, NGOs and urban thinkers, the report offers a global overview of urban heritage safeguarding, conservation and management, as well as the promotion of cultural and creative industries, highlighting their role as resources for sustainable urban development. Report is intended as a policy framework document to support governments in the implementation of the 2030 Agenda for Sustainable Urban Development and the New Urban Agenda.

Gracias a su clásica obra, *Cómo ganar amigos e influir sobre las personas*, el nombre de Dale Carnegie se ha convertido en sinónimo de esta cuestión. El presente libro se centra en la segunda parte del título de su exitosa obra: cómo persuadir a los demás para que acepten nuestras ideas. Con demasiada frecuencia, las personas creen que sus ideas son válidas y sensatas, y que los demás deberían aceptarlas sin reparos. Lamentablemente, eso no es cierto. Al margen de lo buena que pueda ser una idea, muchas personas son reacias a aceptar cualquier planteamiento que requiera un cambio en su modo de pensar y actuar. Si queremos progresar, ya sea en nuestro trabajo o en nuestra vida privada, debemos convencer a los demás para que acepten nuestras ideas. Tanto si se trata sólo de persuadir a una persona -el jefe, la pareja, un amigo-, como a un grupo de personas -compañeros de trabajo, miembros de una organización o simplemente un grupo de amigos-, en este libro descubriremos los motivos por los

que muchos se resisten al cambio y las medidas que podemos tomar para abordar esta negativa. This is a book about the big questions in life: knowledge, consciousness, fate, God, truth, goodness, justice. It is for anyone who believes there are big questions out there, but does not know how to approach them. Think sets out to explain what they are and why they are important. Simon Blackburn begins by putting forward a convincing case for the study of philosophy and goes on to give the reader a sense of how the great historical figures such as Descartes, Hume, Kant, and Wittgenstein have approached its central themes. Each chapter explains a major issue, and gives the reader a self-contained guide through the problems that philosophers have studied. The large scope of topics covered range from scepticism, the self, mind and body, and freedom to ethics and the arguments surrounding the existence of God. Lively and approachable, this book is ideal for all those who want to learn how the basic techniques of thinking shape our existence. Esta obra ensena a escoger el pendulo mas adecuado, a utilizarlo correctamente y a obtener la sensibilidad energetica necesaria para practicar la radiestesia. Numerosos ejercicios practicos. Almost as old as the idea of the library is the urge to destroy it. Author Lucien X. Polastron traces the history of this destruction, examining the causes for these disasters, the treasures that have been lost, and where the surviving books, if any, have ended up. Books on Fire received the 2004 Societe des Gens de Lettres Prize for Nonfiction/History in Paris. Manual práctico de radiestesia El Gran libro del péndulo es un manual pensado para la práctica inmediata de la radiestesia por parte de cualquier aficionado al antiguo arte de los zahoríes. Todo es energía y emite radiaciones, y la radiestesia es un método empírico para captarlas y evaluarlas. Si bien en la antigüedad esta ciencia se utilizaba especialmente para la localización de aguas subterráneas o de tesoros, en la actualidad ha evolucionado muchísimo y se utiliza incluso en medicina. Este libro, claro y sencillo, nos ofrece 27 diagramas radiestésicos para poder empezar enseguida a utilizar el péndulo para la diagnosis y la terapia. Discusses the philosophy of Tao and offers information on diet and nutrition, fasting, breathing exercises, physical exercises, acupuncture, massage, birth control, sex therapy, and meditation Krishnamurti explores the origin and roots of thought, the limits of consciousness, the nature of pleasure and joy, personal relationships and meditation, all of which revolve around the central issues of the search for self-knowledge. CONOZCO MUY BIEN LAS RAZONES QUE TE HAN TRAÍDO HASTA AQUÍ: ? Tú también has leído otras obras que te prometen triunfar con tu libro. ? Tú también has asistido a cursos que te garantizaban escribirlo en apenas dos meses.? Tú también estás leyendo este libro por el mismo motivo que muchos otros profesionales llegan a mí: porque esas soluciones a las que has recurrido antes NO RESUELVEN TU VERDADERA NECESIDAD.? Tú estás aquí porque NO TE BASTA con publicar un libro cualquiera. ? Tú deseas publicar una obra con el potencial de cambiar miles de vidas (empezando por la tuya).? Tu caso es muy similar al de decenas de profesionales que empezaron de cero y hoy son referentes absolutos en sus respectivos sectores. ? Porque tú, al igual que ellos, eres consciente de que PUBLICAR UN NEGOCIO MILLONARIO depende de producir contenidos verdaderamente transformadores. Y eso implica HACER BIEN LAS COSAS DESDE EL PRINCIPIO. Y eso es precisamente lo que te propongo que hagamos en esta aventura en forma de libro, a lo largo de siete apasionantes etapas de autodescubrimiento (tanto personal como profesional) especialmente diseñadas para abrirte los ojos y ahorrarte miles de horas de trabajo en balde.Porque, una vez que completes el itinerario que te propongo y tengas meridianamente claro cuál es ?TU ROL EN LA HISTORIA?, te garantizo que, entonces sí, podremos sentarnos juntos a diseñar la estructura de tu libro. El mismo sobre el cual erigirás todo tu modelo de negocio on line. ¿Por qué conformarse con escribir "sólo" un libro cuando, "por el mismo precio", puedes producir simultáneamente el temario de un curso, el guion de tus vídeos y/o podcasts, entradas para tu blog y contenido para varios e-books, cursos y/o webinars gratuitos que te

sirvan como lead-magnets para atraer a potenciales clientes...? Porque con el programa creativo de COACHING LITERARIO aprenderás a: ? Escribir estratégicamente. ? No dar una sola puntada sin hilo. ? Elaborar contenidos que sirvan a distintos propósitos paralelamente, ? Ahorrarte de nuevo miles de horas de tareas duplicadas. ? Proyectar un ambicioso plan de trabajo, personalizado y acotado en el tiempo, con el que te sientas a gusto y tengas ganas de comprometerte. ? Definir tus metas y la manera de trabajar hasta alcanzarlas. EL MÉTODO DEFINITIVO(avalado por decenas de casos de éxito)PARA ESCRIBIR LIBROS "CAMBIAVIDAS" Casos como los de: ? Mónica Galán Bravo, autora de MÉTODO BRAVO y prologuista de este libro.? Sergio Fernández, autor de VIVIR SIN JEFE, con quien tuve la fortuna de escribir el bestseller EL SORPRENDEDOR.? Dra. Silvia Gómez Senent, autora de UNIVERSO MICROBIOTA.? Antonio Micó, autor de VENDE COMO NUNCA.? Sergio Saiz, autor de EL GRAN JUEGO DE LA VIDA.? Raquel Sánchez de Benito, autora de PELLIZCOS AL ALMA.? Tona Mir, autora de la colección LIBERTAD EMOCIONAL.? Alberto Micó, autor de EL LIBRO QUE ESTABAS BUSCANDO.? Astrid Izquierdo, autora de EL PEQUEÑO LIBRO DEL FENG SHUI.? Alexandra Barragán, autora de PRODUCTIVIDAD PARA EL ÉXITO? José Miguel Gil, Carmen Parrado, Catalina Fuster, David Gómez, Noemí Mateos, y tantos otros profesionales que hoy son referentes indiscutibles en sus respectivos sectores. Tú estás aquí porque, al igual que ellos, NO TE CONFORMAS con: ? Publicar un libro cualquiera. ? Ser bestseller en Amazon tan sólo 5 minutos.? Escribir deprisa y corriendo esa obra que llevas concibiendo toda una vida.? Que las únicas reseñas que haya de tu libro sean de tus familiares y amigos. Estás aquí porque, al igual que Platón, tú también crees que el principio es la parte más importante del camino. UN CAMINO QUE empieza hoy y que -esto también conviene que lo sepas desde el principio- NO ACABA NUNCA.Entonces qué..., ¿te atreves a averiguar cuál es ?TU ROL EN LA HISTORIA?? "Using the ... techniques in this book, you can consult a pendulum for guidance, self-improvement, psychic development, and a wealth of other practical purposes ..."--Back cover. An illuminating gift for the dancer in your life, this entertaining book reveals the mental and physical benefits of dance—and the scientific reasons behind why humans are designed for it. Dancing is one of the best things we can do for our health. In this groundbreaking and fun-to-read book, two neuroscientists (who are also dancers) draw on their cutting-edge research to reveal why humans are hardwired for dance show how to achieve optimal health through dancing Taking readers on an in-depth exploration of movement and music, from early humans up until today, the authors show the proven benefits of dance for our heart, lungs, bones, nervous system, and brain. Readers will come away with a wide range of dances to try and a scientific understanding of how dance benefits almost every aspect of our lives. Dance prevents and manages illness and pain: such as Diabetes, arthritis, back pain, and Parkinson's. Dance can be as effective as high intensity interval training: but without the strain on your joints and heart. Dance boosts immunity and lowers stress: it also helps reduce inflammation. Dance positively impacts the microbiome: and aids in digestion, weight loss, and digestive issues such as IBS. Dance bolsters the mind-body connection: helping us get in tune with our bodies for better overall health. We're lucky that one of the best things we can do for our health is also one of the most fun. And the best part: dance is something anyone can do. Old or young, injured or experiencing chronic pain, dance is for everyone, everywhere. So, let's dance! Types of dance featured in the book: Partner dance (salsa, swing dancing, waltz) Ballet Hip hop Modern Jazz Line dancing Tap dancing And more! INTERNATIONAL BESTSELLER • 1.5 MILLION+ COPIES SOLD WORLDWIDE "Workers looking for more fulfilling positions should start by identifying their ikigai." ?Business Insider "One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your

personal ikigai, and live your best life.” ?Forbes Find your ikigai (pronounced ee-key-guy) to live longer and bring more meaning and joy to all your days. “Only staying active will make you want to live a hundred years.” —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world’s longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—where what you love, what you’re good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It’s the reason we get up in the morning. It’s also the reason many Japanese never really retire (in fact there’s no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they’ve found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world’s Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn’t want to find happiness in every day? Este pequeño manual es una introducción al uso del péndulo. Desde su dilatada experiencia, las autoras revisan las diferentes técnicas existentes dentro de este arte y ponen en manos del lector numerosos modos de empleo y distintos tipos de péndulo, desde Sanpei is mistreated both at school and at home. His only friends are his pets, a collection of stray animals and insects. When he's stung by a strange insect, Sanpei transforms into a huge bug and ventures out into the world. When he continues to encounters hatred and disgust, he becomes vengeful. Le bien être dans ma maison grâce au Feng-Shui. The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you’ll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You’ll begin to understand the hidden, untapped power that’s within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible. Declutter your desk and brighten up your business with this transformative guide from an organizational psychologist and the #1 New York Times bestselling author of The Life-Changing Magic of Tidying Up. The workplace is a magnet for clutter and mess. Who hasn't felt drained by wasteful meetings, disorganized papers, endless emails, and unnecessary tasks? These are the modern-day hazards of working, and they can slowly drain the joy from work, limit our chances of career progress, and undermine our well-being. There is another way. In Joy at Work, bestselling author and Netflix star Marie Kondo and Rice University business professor Scott Sonenshein offer stories, studies, and strategies to help you eliminate clutter and make space for work that really matters. Using the world-renowned KonMari Method and cutting-edge research, Joy at Work will help you overcome the challenges of workplace mess and enjoy the productivity, success, and happiness that come with a tidy desk and mind. From the visionary head of Google's innovative People Operations comes a groundbreaking inquiry into the philosophy of work -- and a blueprint for

attracting the most spectacular talent to your business and ensuring that they succeed. "We spend more time working than doing anything else in life. It's not right that the experience of work should be so demotivating and dehumanizing." So says Laszlo Bock, former head of People Operations at the company that transformed how the world interacts with knowledge. This insight is the heart of *Work Rules!*, a compelling and surprisingly playful manifesto that offers lessons including: Take away managers' power over employees Learn from your best employees- and your worst Hire only people who are smarter than you are, no matter how long it takes to find them Pay unfairly (it's more fair!) Don't trust your gut: Use data to predict and shape the future Default to open-be transparent and welcome feedback If you're comfortable with the amount of freedom you've given your employees, you haven't gone far enough. Drawing on the latest research in behavioral economics and a profound grasp of human psychology, *Work Rules!* also provides teaching examples from a range of industries-including lauded companies that happen to be hideous places to work and little-known companies that achieve spectacular results by valuing and listening to their employees. Bock takes us inside one of history's most explosively successful businesses to reveal why Google is consistently rated one of the best places to work in the world, distilling 15 years of intensive worker R&D into principles that are easy to put into action, whether you're a team of one or a team of thousands. *Work Rules!* shows how to strike a balance between creativity and structure, leading to success you can measure in quality of life as well as market share. Read it to build a better company from within rather than from above; read it to reawaken your joy in what you do. In order to familiarize learners with the question types of HSK, the workbooks at all levels provide the exact same types of exercises, arranged in the same order and structure also, with the content focused on the specific lesson. In this way, learners will get familiar with HSK by using the course books alone rather than spending extra time in trying to get used to the form of the test.

Artificial Intelligence: A Modern Approach offers the most comprehensive, up-to-date introduction to the theory and practice of artificial intelligence. Number one in its field, this textbook is ideal for one or two-semester, undergraduate or graduate-level courses in Artificial Intelligence. Welcome to one of the most disturbing minds of Japanese manga! Hideshi Hino has long been considered a master of the horror manga genre since his coming out in the late '70s. And the four stories in *Lullabies From Hell* will show you how demented the man can be. The self-titled first tome introduces you to the author himself, a horror quasi-biography of sorts. The second story tells of Hino's having willed his pregnant wife into birthing a horrible, planet-devastating reptile baby that eats puppies and children! And you can imagine how the stories progress from there. *Change is only 50 minutes away!* Find out everything you need to know about improving your sleeping habits with this straightforward guide. Most of us will spend around a third of our lives asleep, and getting enough good-quality sleep is vital to our physical and mental wellbeing. However, more and more of us are struggling to fall asleep, waking up during the night and struggling with sleep disorders such as insomnia. Fortunately, no matter how busy or stressful your life, there are plenty of simple changes you can make to ensure that you wake up every morning feeling calm, refreshed and full of energy to take on the day ahead. In just 50 minutes you will be able to:

- Understand the role and importance of sleep
- Make simple changes to improve the quality of your sleep
- Choose the most effective treatment for your sleep problems

ABOUT 50MINUTES.COM | HEALTH AND WELLBEING The Health and Wellbeing series from the 50Minutes collection is perfect for anyone looking to be healthier and happier in their personal life. Our guides cover a range of topics, from social anxiety to getting ready for a new baby, and provide simple, practical advice and suggestions to allow you to reduce stress, strengthen your relationships and increase your wellbeing. Selon la philosophie taoïste, l'aménagement du jardin contribue grandement à la prospérité, à la

santé et au bien-être de l'homme. L'harmonie qui règne dans le jardin se répercute, en effet, dans la maison ainsi que dans le cœur et l'esprit de ceux qui y vivent. Le présent ouvrage vous propose donc une introduction aux principes de base du taoïsme et à ses applications pratiques. A l'aide de plantes médicinales chinoises naturalisées et de l'art du feng shui, vous pourrez inclure facilement cette culture philosophique dans votre quotidien tout en maintenant votre santé par le jardinage. Vous atteindrez ainsi votre plein potentiel et établirez un équilibre naturel qui, au gré du vent et du courant, se diffusera positivement autour de vous. Annette profite du grand ménage du printemps pour organiser une vente de garage avec son petit frère Raphaël. Même s'il n'est jamais facile de se débarrasser d'objets évoquant des souvenirs, tout se déroule plutôt bien jusqu'à ce que son ennemi juré, Charles Jutras, se pointe le bout du nez. Ce dernier a réussi à convaincre son père, un employé de la Ville, de leur donner un avertissement pour ne pas avoir demandé de permis pour l'événement. Puis, tandis qu'Annette entre dans la maison informer sa mère de la situation, son rival de toujours réussit à s'emparer de son appareil photo, qui n'était pas à vendre ... -- Une trame simple où l'on déplore que le père de Charles consente à participer au conflit plutôt que de tenter de le désamorcer. Des illustrations réalistes en noir et blanc accompagnent le tout. [SDM].
