This volume - based on a two year research program from a team of authors - examines the forms and functions of approximately fifty tourist shopping villages in Australia, New Zealand, the United Kingdom, Ireland, Canada and the United States. It will interest scholars of Tourism, Geography, Business, and Economics, as well as government officials, civic leaders, and individual entrepreneurs and retailers seeking to maximize their returns and local community residents.

[Bye Felipe](#) Jan 22 2020 From the creator of the viral Instagram account comes an empowering guide to navigating the hazards and horrors of online dating. After one too many hostile dating app encounters, Alexandra Tweten set up the Instagram account @ByeFelipe, a place for women to protest the horrors of online dating, and to share stories and screenshots of their own experiences. Three years later, the account has become a forum where women can fight back against the men who have made them uncomfortable, scared, and embarrassed--and to laugh at the appalling men they encounter. The name of Bye Felipe is a nod to the "Bye Felicia" meme, which Urban Dictionary defines as a cool dismissal of a noxious person. In that spirit, the book helps women navigate the perils that come with swiping right and provides practical steps to overcome the harassment rampant in the dating app ether. Blending humor, feminist theory, and solidarity, this "field guide" provides profiles of the worst types of guys (also known as "Felipes")--from the classic fat shamer to the mansplainer to the surprise sociopath--answers questions like "How do I react when a guy sends me a dic pic?," and gives women the tools they need to take control of their dating life. With stories, screenshots, and Riot Grrrl-esque graphic art throughout, Bye Felipe empowers women to stand up for themselves and uphold the confidence and self-worth Felipes try so desperately to steal.

Nothing but the Truth Mar 04 2021 From the acclaimed New York Times bestselling author of *Guilt* and *The 13th Juror* comes an electrifying new thriller--a novel in which San Francisco defense attorney Dismas Hardy faces the case of his career. This time his family is involved--and for Hardy, a devoted husband and father, the stakes have never been higher. Dismas knows his wife, Frannie, is the most reliable of mothers. When she fails to pick up their children from school one afternoon, he's convinced something terrible has happened. It has: Frannie Hardy is in jail. Called before the grand jury in a murder investigation, she refused to reveal a secret entrusted to her by a man whose children attend the same school as hers, a friend who is accused of killing his wife. But now he has disappeared. Hardy knows there's only one way to get Frannie out of jail: clear her friend of murder. That is, if he can be found. As he moves through a labyrinthine world of big business and San Francisco politics, looking for a man he half hopes never to find, a furious and frustrated Hardy is struggling to understand why his impeccably faithful wife is being so loyal to another man. What kind of truth could keep a wife from her husband, a mother from her children--could hold Hardy so powerless before the wrath of the law? With an unparalleled ability to illuminate the complexities of relationships while weaving a story of breathtaking suspense, Lescroart has never been in finer form. And *Nothing But the Truth* is his finest hour.

The Entirepreneur Jul 20 2022 In this groundbreaking book Bill Bolton and John Thompson present a completely new take on the conventional domains of entrepreneur, leader and manager. They argue that in today's turbulent and uncertain world, businesses no longer have the time for a business cycle that begins with an entrepreneur, hands over to a manager and finally brings in a strategic leader when things are flagging. 'The New Normal' that now prevails requires that these things run together and calls for a new kind of all-rounder. Bolton and Thompson give us a new word to describe such a person: The ENTIREPRENEUR The entirely competent person, able to discern aright and make things happen. Drawing upon the successful person-centred approach of their books on entrepreneurs they first tell the stories of over 40 entirepreneurs, demonstrating clearly that such people do exist. After discussing the 'New Normal' context they present a fascinating analysis that goes below the surface to describe the key Talent, Temperament, Technique and Discernment attributes that explain the entirepreneur. Readers have the opportunity to make a self-evaluation of their own attribute strengths, concluding with a final 'entirepreneur' score. This fascinating and insightful look at the entirepreneur is a clear pointer to what will be demanded of those who wish to succeed amid the vicissitudes of the 'New Normal'.
